WELEARN GROWTH HUB · STAFF TESTING · OCTOBER 2026

Junior Explorers dashboard

Primary learner, ages 6–11. Work through each step on the real platform, compare what you see with the screenshot, and record what happened. Fill this PDF in on screen, save it, and send it back to the test lead. Or print it and write by hand.

Platform	https://dnd-master-73449.web.app
Sign in as	`primary.student@school.edu` (Penny Primary · Year 3)
Password	The test lead gives you the shared test password.
Steps	4 steps, about 16 minutes

Your details

Your name

Team or role

Device (laptop, tablet, phone)

Browser

Date tested

Before you start

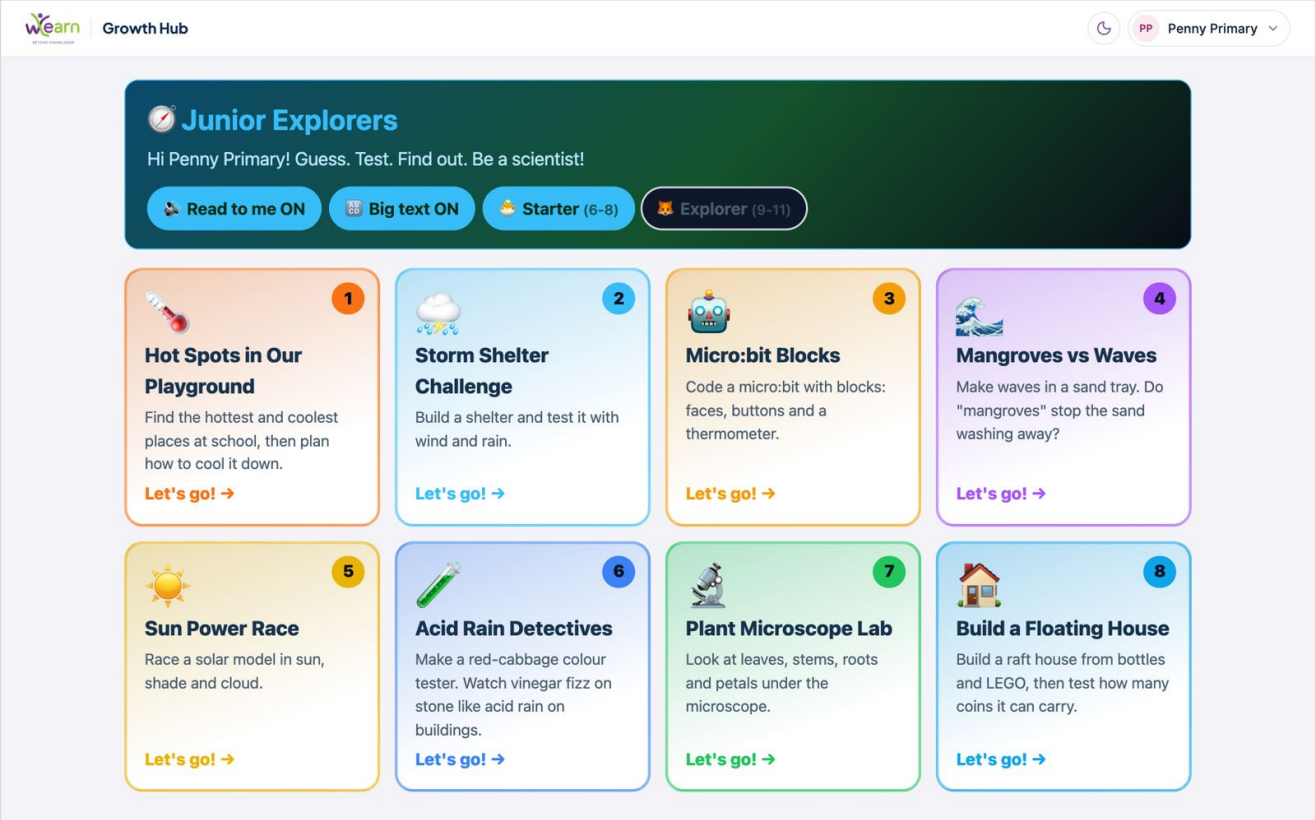

1. Do not change the password on any test account. Others share it.
2. Do not suspend, unlink or delete accounts unless a step tells you to.
3. Use only made-up names and test emails in forms, never real learner data.
4. If a screen looks different from the screenshot, that is useful. Mark it and describe the difference.
5. Use a private or incognito window so you stay signed in to one account at a time.

How to mark each step

Pass	It worked and matched “You should see”.
Issue	Something was wrong, slow, confusing or different. Describe it.
Blocked	You could not do the step at all, for example an error or a missing button.
Skip	You chose not to test it, or it needs another tester first.

JUNIOR EXPLORERS · STEP 1 OF 4

Sign in and see the activity board

Real screenshot from the platform. Yours may show different data.

What to do

1. Sign in as `primary.student@school.edu`.
2. Note what you see first. This account is marked “pending consent”.

YOU SHOULD SEE

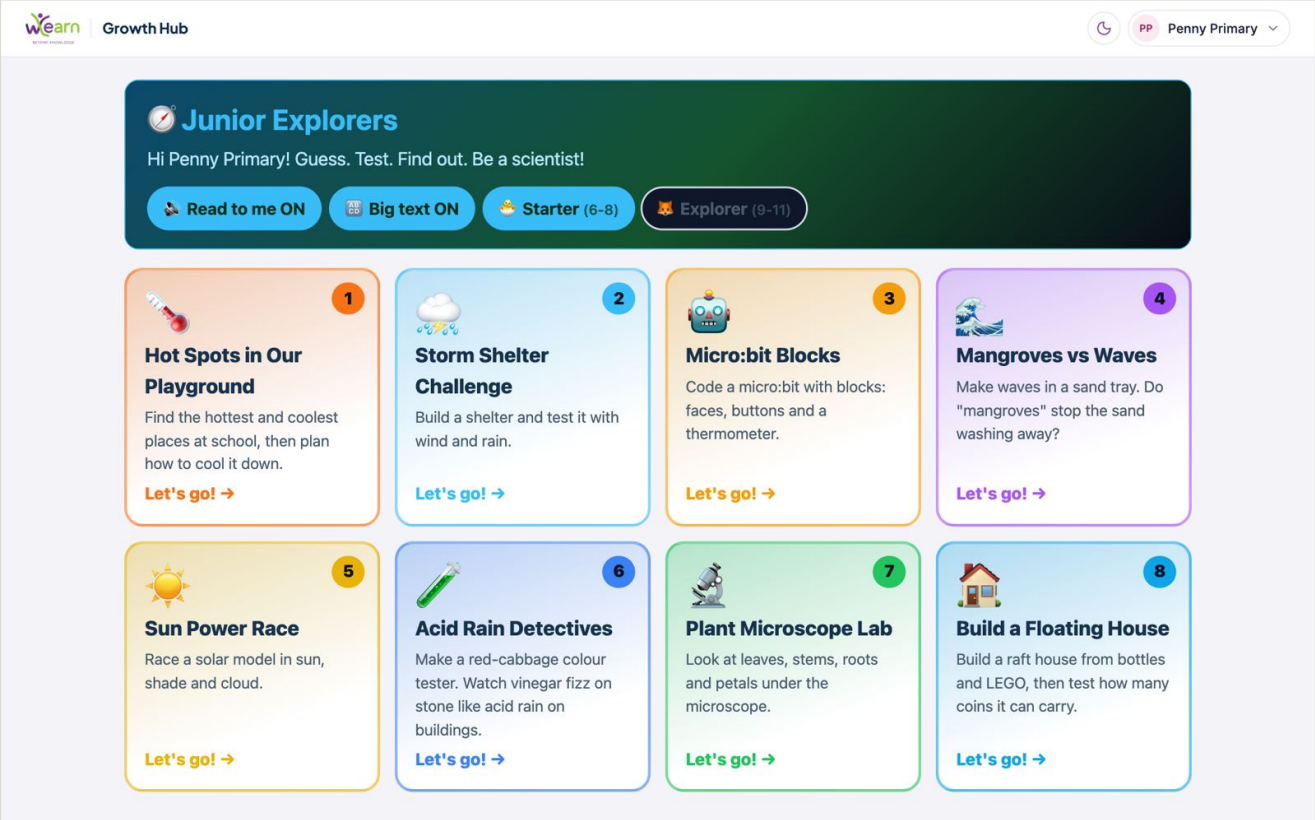

A bright Junior Explorers board with eight activities, each with a “Let’s go!” button. If you see a consent or waiting screen instead, describe it.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

JUNIOR EXPLORERS · STEP 2 OF 4

Read-aloud, big text and level

Real screenshot from the platform. Yours may show different data.

What to do

1. Toggle **Read to me** and **Big text** on and off.
2. Switch between **Starter (6–8)** and **Explorer (9–11)**.

YOU SHOULD SEE

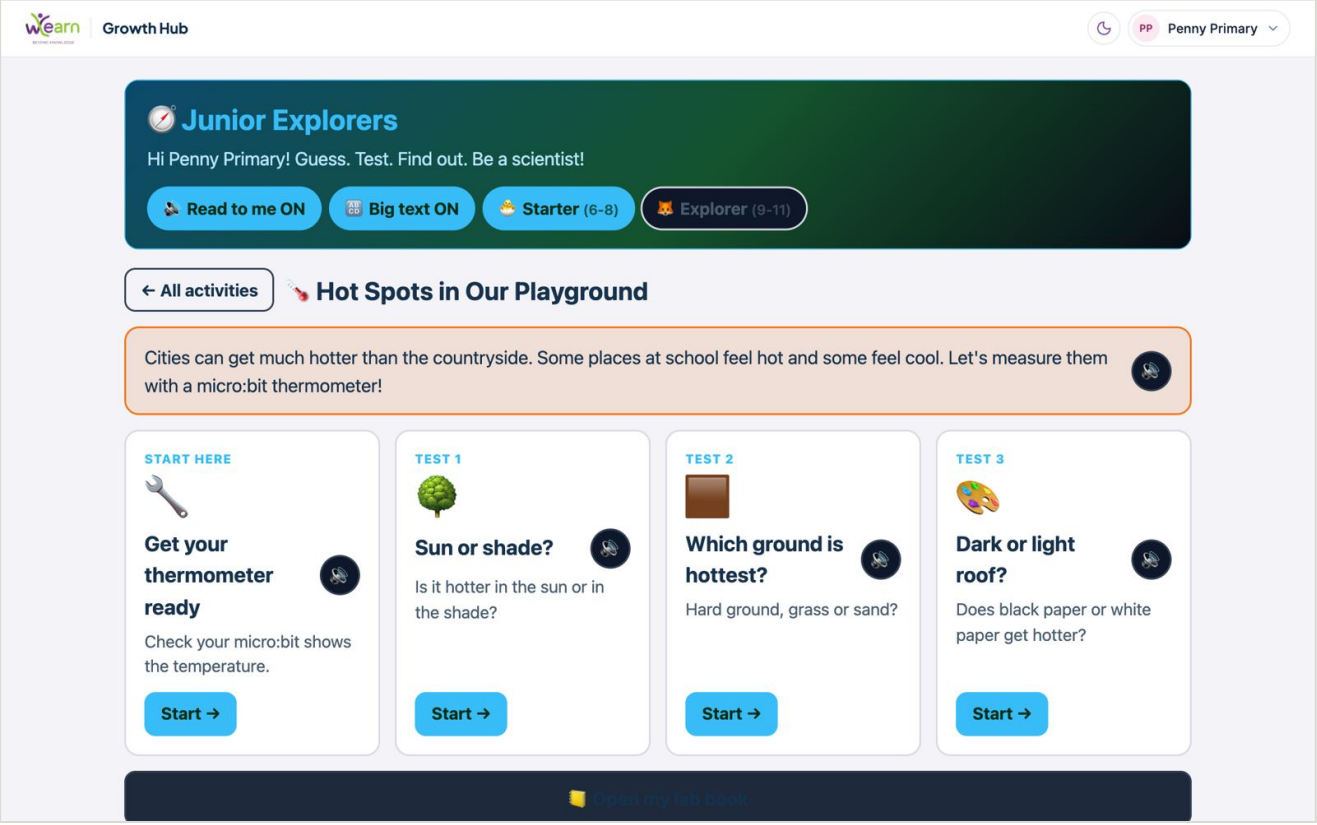

Text size changes clearly. Activity wording changes between Starter and Explorer.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

JUNIOR EXPLORERS · STEP 3 OF 4

Open an activity

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Hot Spots in Our Playground**.
2. Press a speaker button.
3. Click **Start** on “Get your thermometer ready”, then on Test 1.
4. Use **All activities** to go back.

YOU SHOULD SEE

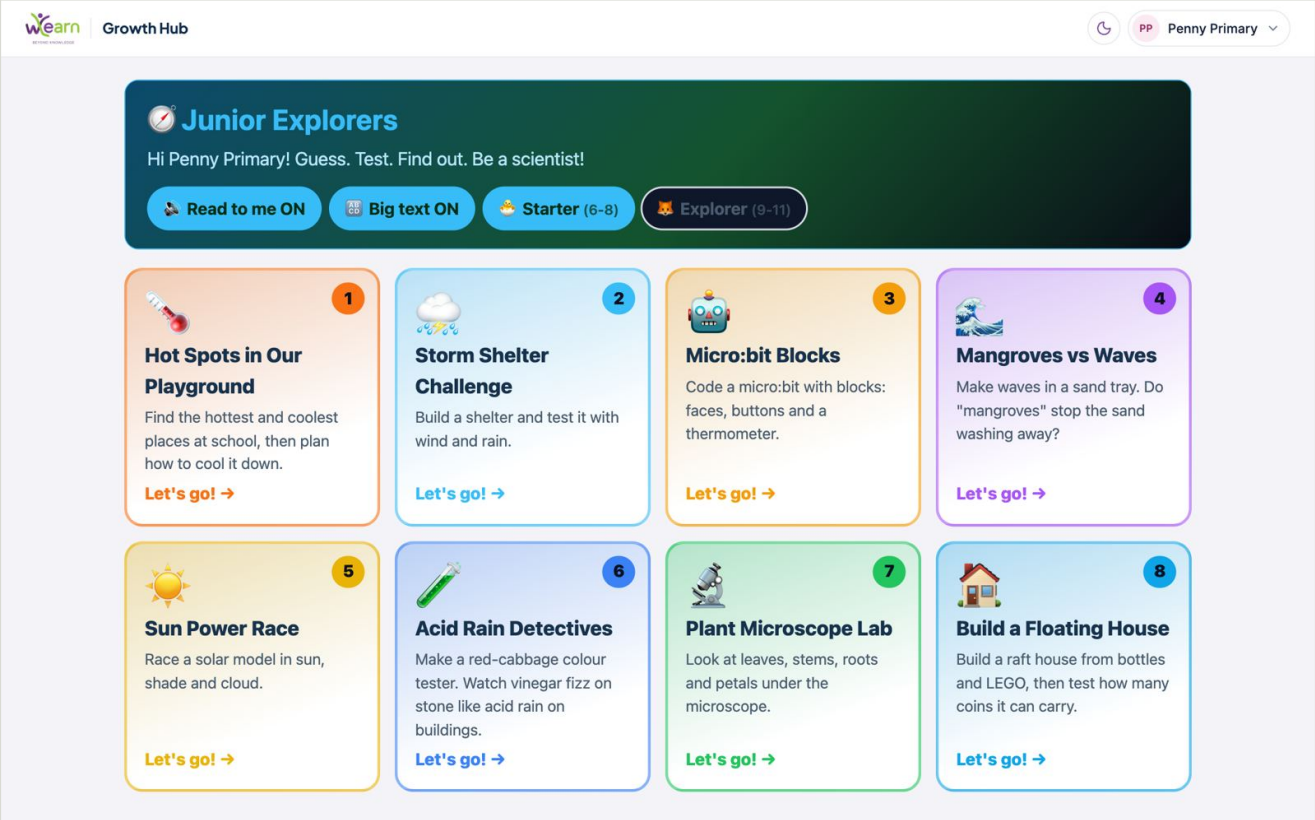

Short steps with big buttons. The speaker reads the text aloud. Steps are simple enough for a 6–8 year old.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

JUNIOR EXPLORERS · STEP 4 OF 4

School calendar for young learners

Real screenshot from the platform. Yours may show different data.

What to do

1. Scroll below the activities to the School Calendar.
2. Look for upcoming events.

YOU SHOULD SEE

The calendar loads without an error and is easy to read for a primary pupil.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

LAST PAGE

Wrap-up: the Junior Explorers dashboard overall

A few sentences is plenty. These answers help us decide what to fix first.

How easy was it to use? 1 Very hard 2 Hard 3 OK 4 Easy 5 Very easy

What worked well?

What was confusing, slow or missing?

If we fix one thing first, what should it be?

Anything else?

WHEN YOU HAVE FINISHED

Save this PDF (File > Save), keep the file name, and send it to the test lead. If you printed it, scan or photograph each page.
