WELEARN GROWTH HUB · STAFF TESTING · OCTOBER 2026

Student dashboard

Secondary learner · W2e Studio. Work through each step on the real platform, compare what you see with the screenshot, and record what happened. Fill this PDF in on screen, save it, and send it back to the test lead. Or print it and write by hand.

Platform	https://dnd-master-73449.web.app
Sign in as	`mia@school.edu` (Mia Chen · Year 9 Climate Science)
Password	The test lead gives you the shared test password.
Steps	13 steps, about 52 minutes

Your details

Your name

Team or role

Device (laptop, tablet, phone)

Browser

Date tested

Before you start

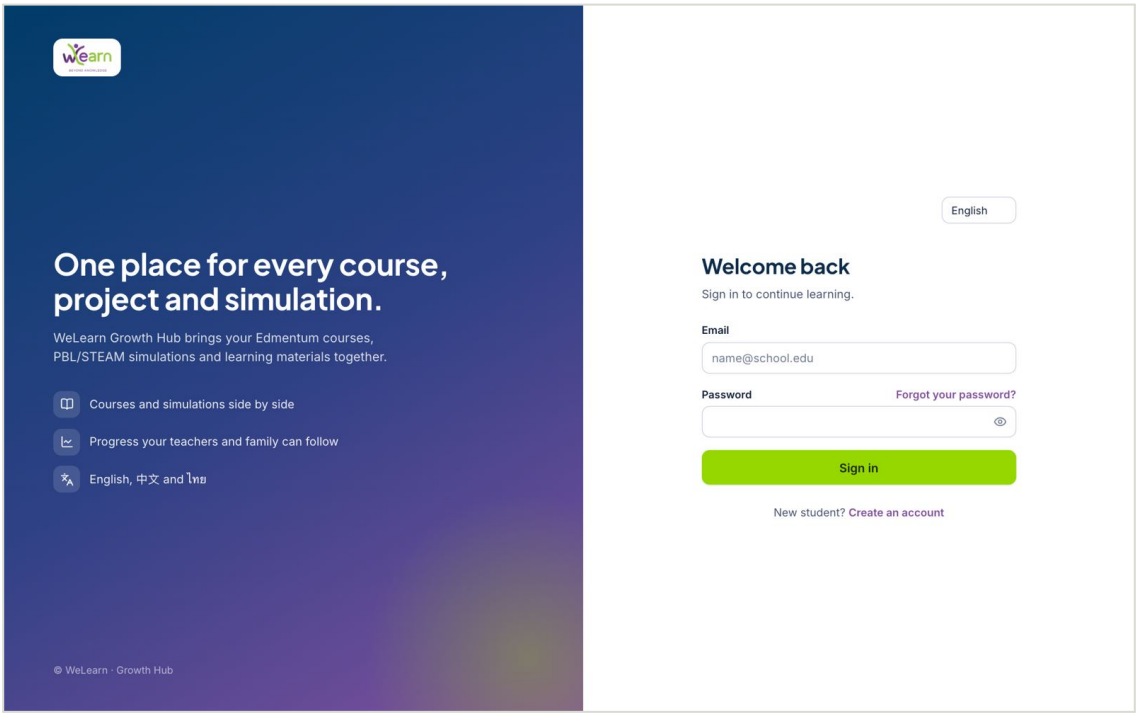

1. Do not change the password on any test account. Others share it.
2. Do not suspend, unlink or delete accounts unless a step tells you to.
3. Use only made-up names and test emails in forms, never real learner data.
4. If a screen looks different from the screenshot, that is useful. Mark it and describe the difference.
5. Use a private or incognito window so you stay signed in to one account at a time.

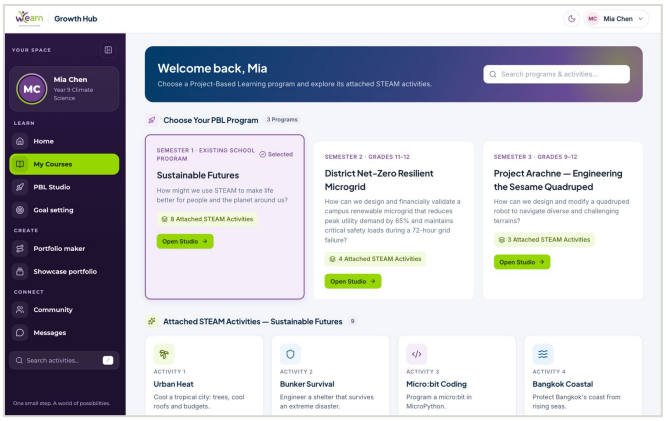

How to mark each step

Pass	It worked and matched “You should see”.
Issue	Something was wrong, slow, confusing or different. Describe it.
Blocked	You could not do the step at all, for example an error or a missing button.
Skip	You chose not to test it, or it needs another tester first.

STUDENT · STEP 1 OF 13

Sign in and land on My Courses

Real screenshot from the platform. Yours may show different data.

What to do

1. Open the platform and sign in as `mia@school.edu`.
2. Wait for the first screen to load.

YOU SHOULD SEE

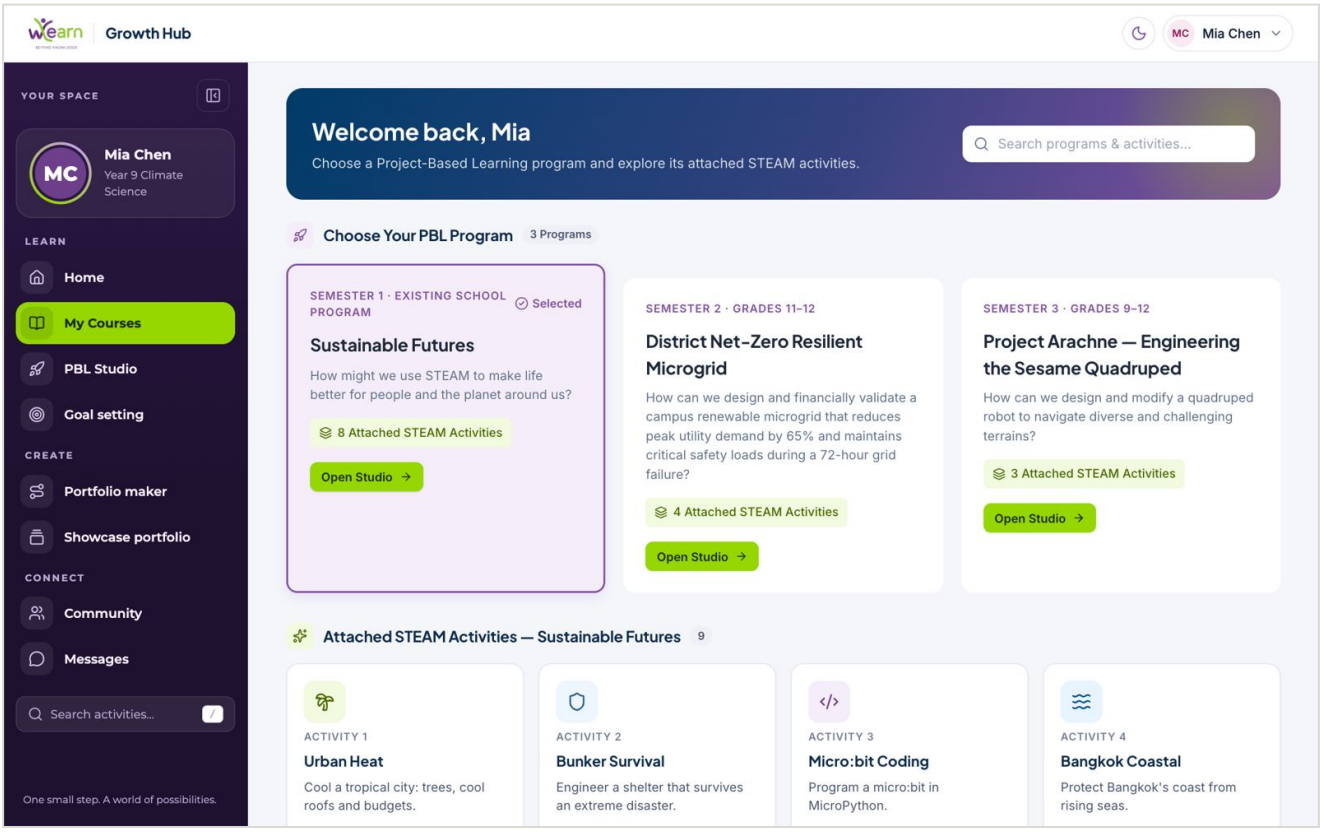

You land on **My Courses** with “Welcome back, Mia” and three PBL programmes. The left menu shows Learn, Create and Connect groups.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 2 OF 13

Choose a PBL programme and its STEAM activities

Real screenshot from the platform. Yours may show different data.

What to do

1. Look at the three programme cards. Sustainable Futures should show **Selected**.
2. Click **Open Studio** on a programme, then come back.
3. Scroll down to **Attached STEAM Activities** and read the activity cards.

YOU SHOULD SEE

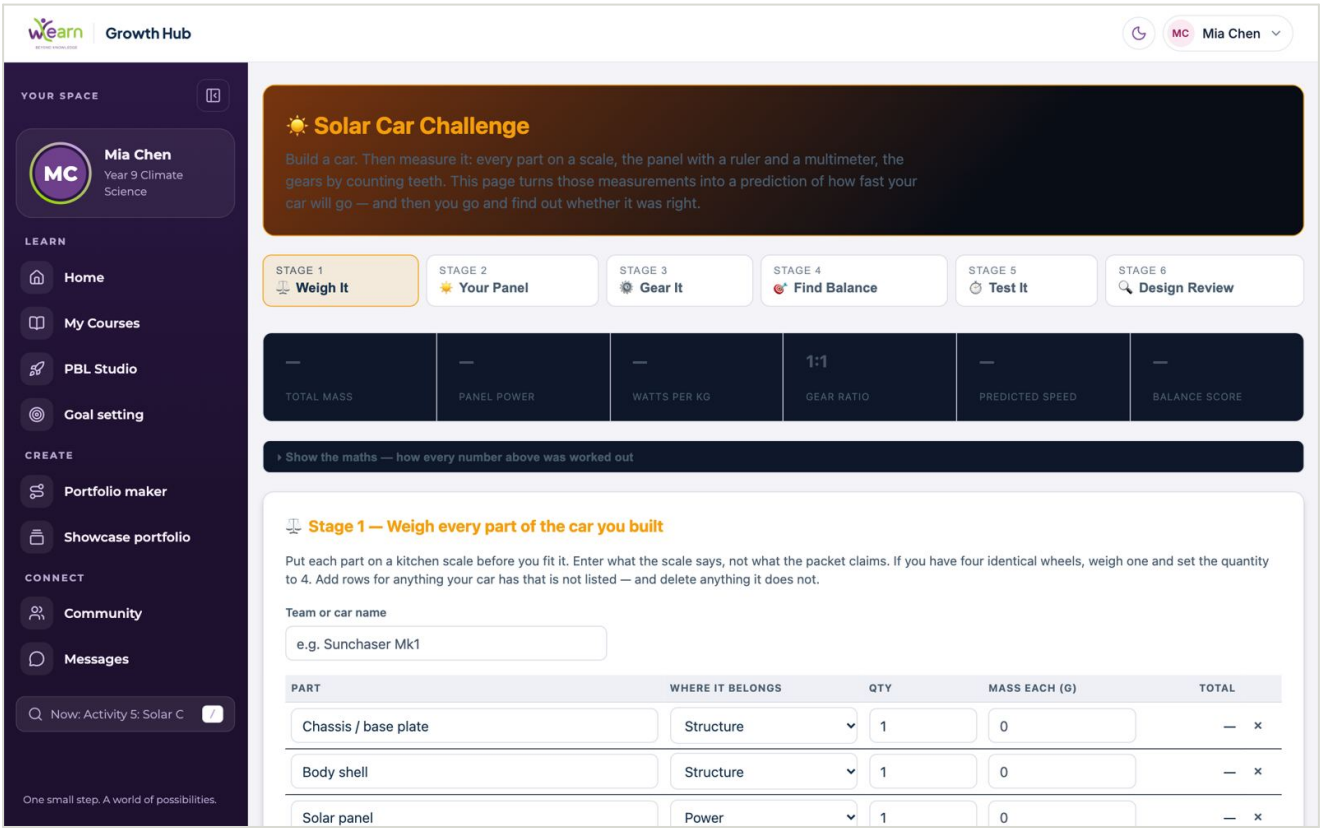

Each programme shows its driving question and how many STEAM activities are attached. Activity cards have an Open button.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 3 OF 13

Run a STEAM activity (Solar Car)

Real screenshot from the platform. Yours may show different data.

What to do

1. On My Courses, click **Activity 5 · Solar Car**.
2. In Stage 1 “Weigh It”, type a mass for one part.
3. Open **Show the maths** and check the summary numbers update.
4. Try one other activity from the list.

YOU SHOULD SEE

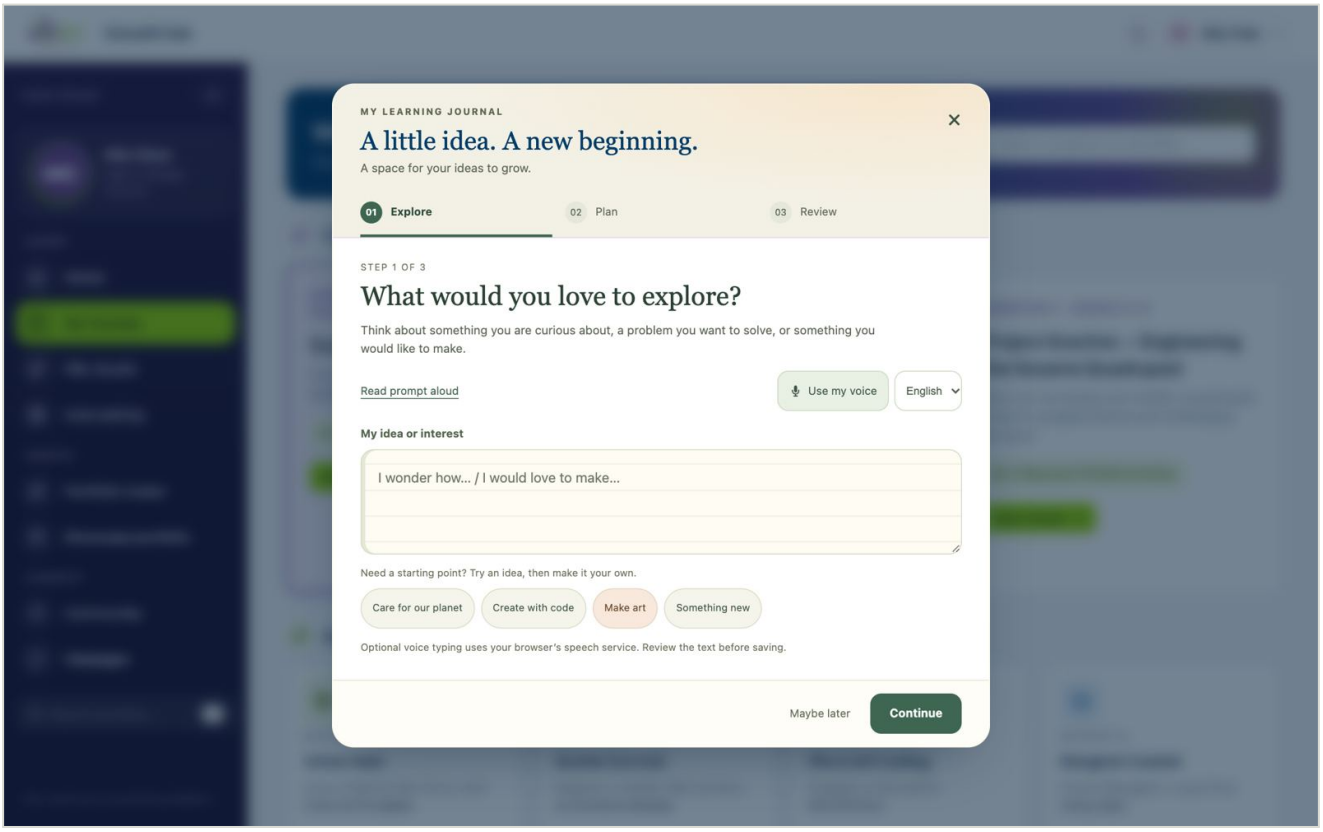

Six stages from Weigh It to Design Review. Totals such as Total mass and Predicted speed change as you enter values.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 4 OF 13

Set goals with the goal wizard

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Goal setting** in the left menu.
2. Answer “What would you love to explore?” and move through the wizard.
3. Finish, or close it and check nothing breaks.

YOU SHOULD SEE

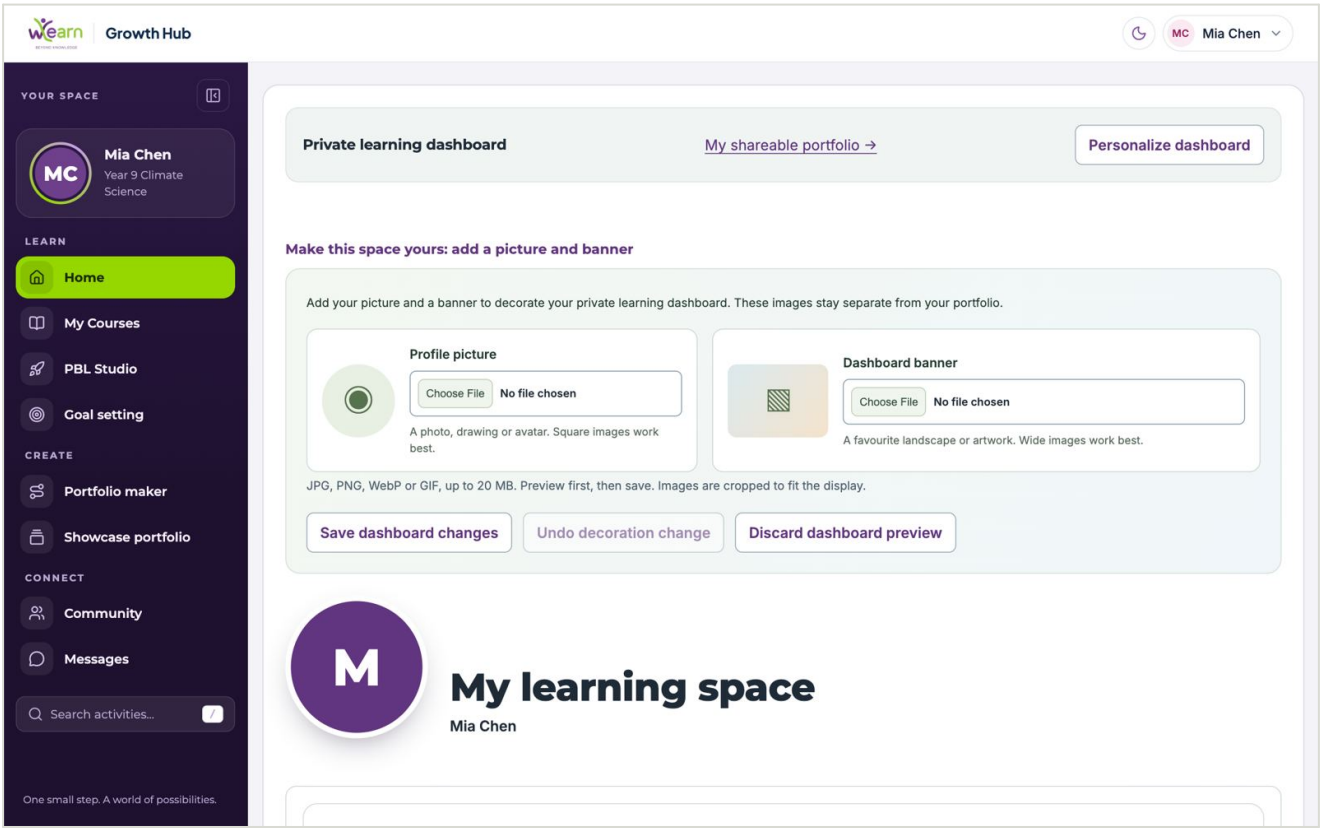

A friendly step-by-step window opens over the page and walks you from interests to goals.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 5 OF 13

Personalise the private dashboard

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Home**.
2. Click **Personalize dashboard**, choose a profile picture and a banner image.
3. Check the preview, then try **Discard dashboard preview**, then do it again and **Save dashboard changes**.
4. Reload the page.

YOU SHOULD SEE

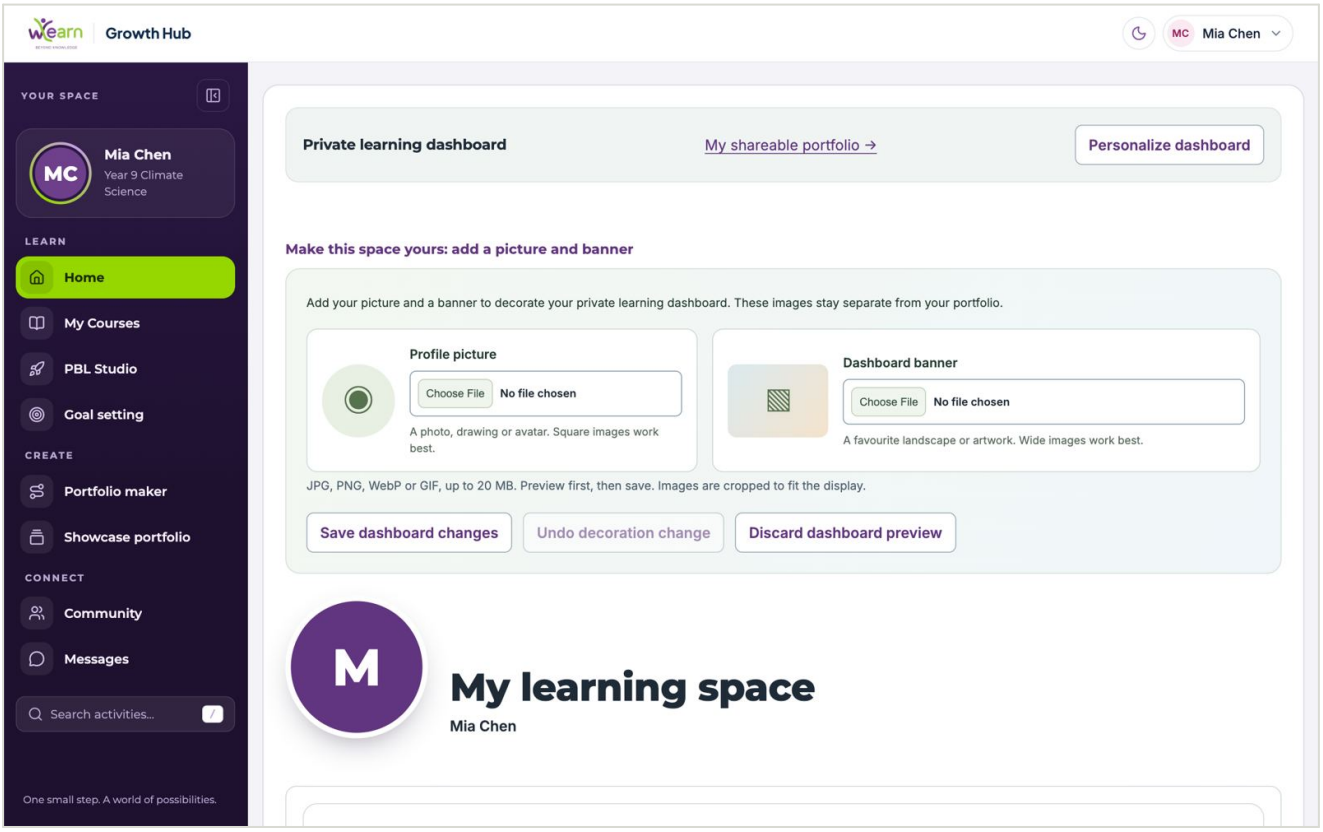

Your picture and banner show after saving and stay after a reload. Discard returns to the previous look.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 6 OF 13

Studio Home: next step and asking a coach

Real screenshot from the platform. Yours may show different data.

What to do

1. Scroll to the **Studio Home** tab under My learning space.
2. Click **Mark this step done** on the next-step card.
3. Click **Ask my coach**, pick a reason and send a request.

YOU SHOULD SEE

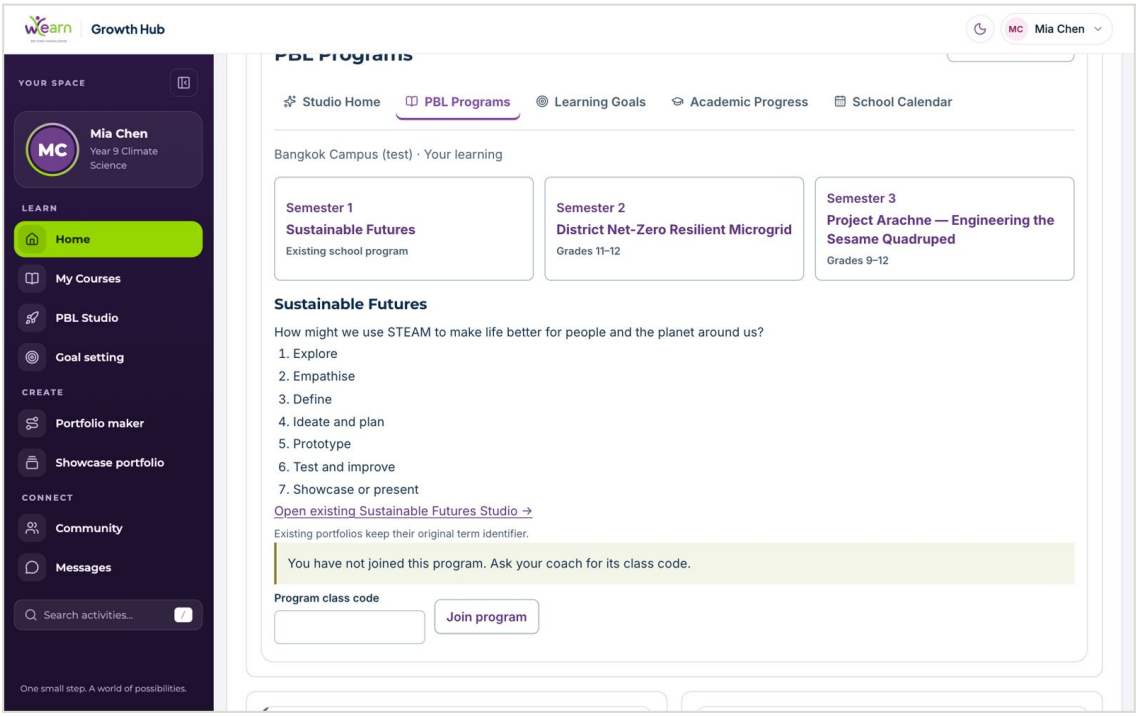

Progress updates when a step is marked done. The coach request confirms that it was sent. (Coach testers can check it arrives.)

What happened? What did you click, expect and see instead?

STUDENT · STEP 7 OF 13

Home tabs: programmes, goals and calendar

Real screenshot from the platform. Yours may show different data.

What to do

1. Open the **PBL Programs** tab. Read the semester cards and the class code box.
2. Open **Learning Goals**, then **Academic Progress**.
3. Open **School Calendar** and switch between Year, Agenda and Month views.

YOU SHOULD SEE

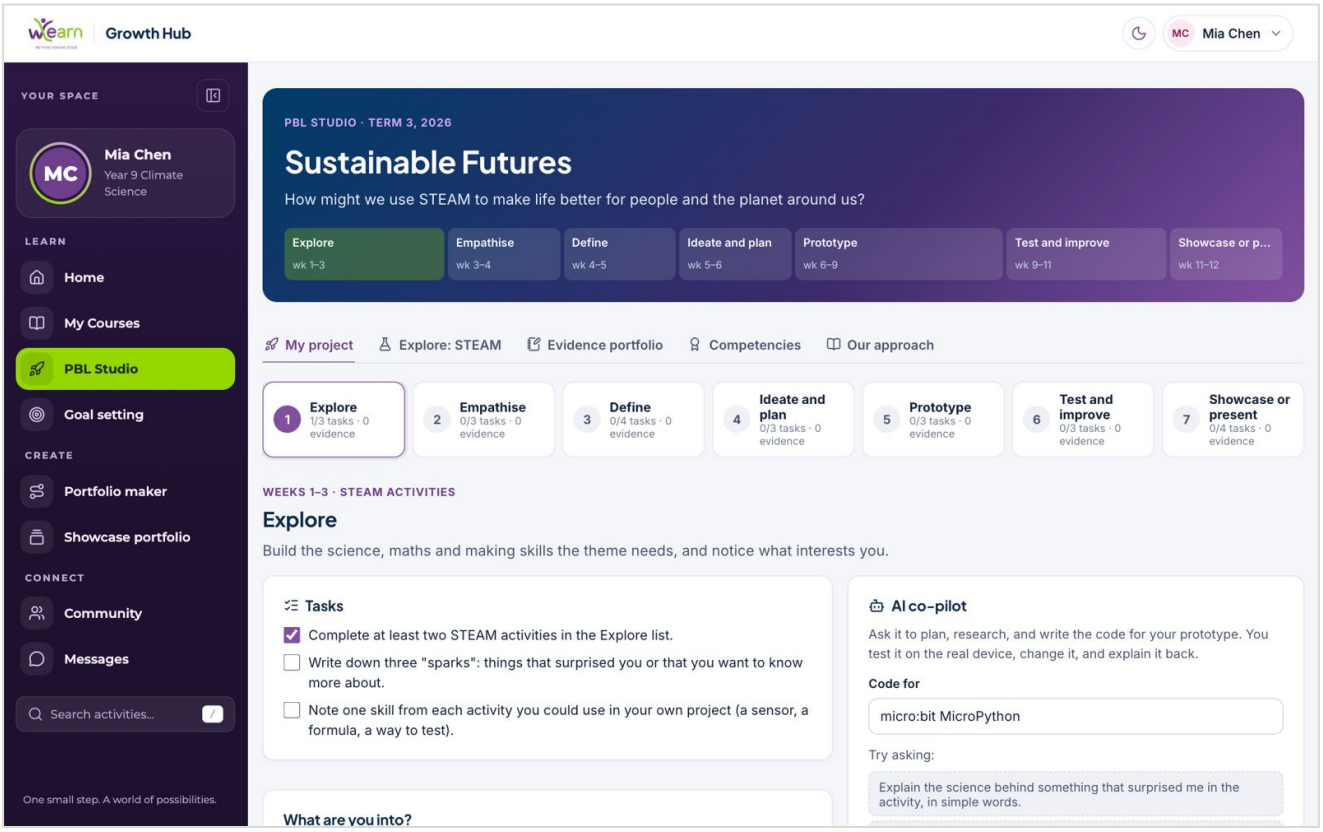

Each tab loads without an error. Empty areas say clearly that nothing is recorded yet, rather than showing a blank space or an error code.

What happened? What did you click, expect and see instead?

STUDENT · STEP 8 OF 13

PBL Studio: my project

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **PBL Studio** in the left menu.
2. Click each of the seven phases from Explore to Showcase.
3. Tick a task, choose an interest chip such as Environment, and look at the AI co-pilot panel.

YOU SHOULD SEE

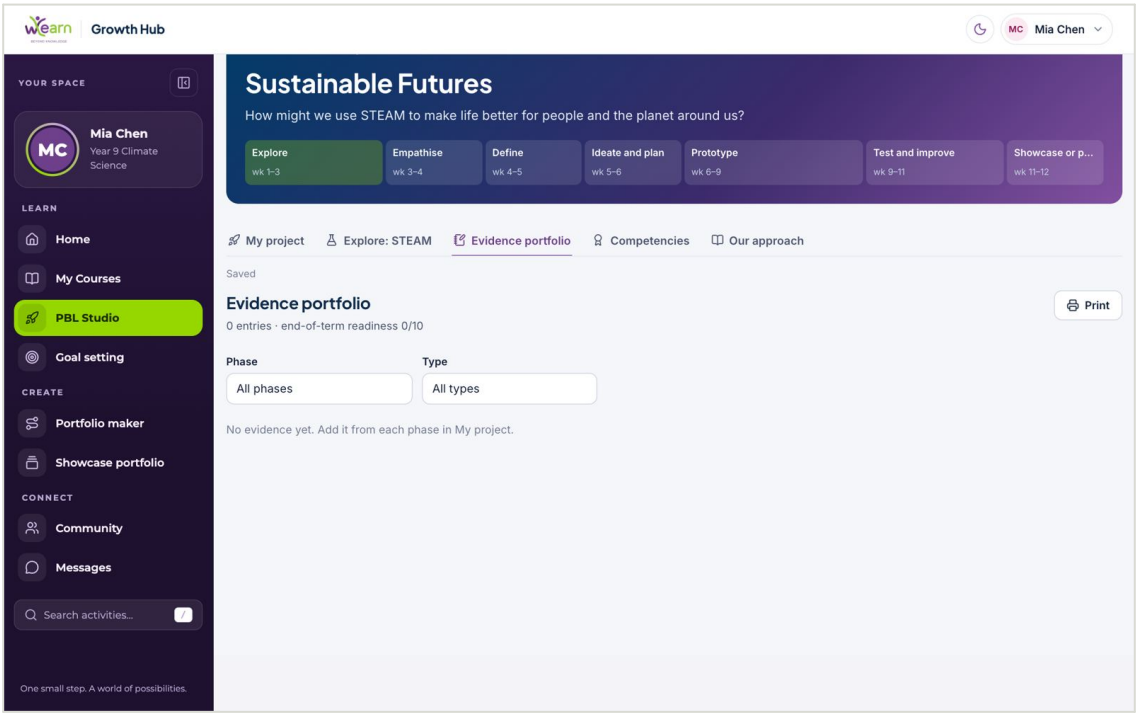

The phase timeline shows weeks. Task counts (for example 1/3 tasks) update as you tick.

What happened? What did you click, expect and see instead?

STUDENT · STEP 9 OF 13

Evidence portfolio and competencies

Real screenshot from the platform. Yours may show different data.

What to do

1. In PBL Studio open **Evidence portfolio**. Try the Phase and Type filters.
2. Open **Competencies** and read one competency.
3. Open **Explore: STEAM** and **Our approach**.

YOU SHOULD SEE

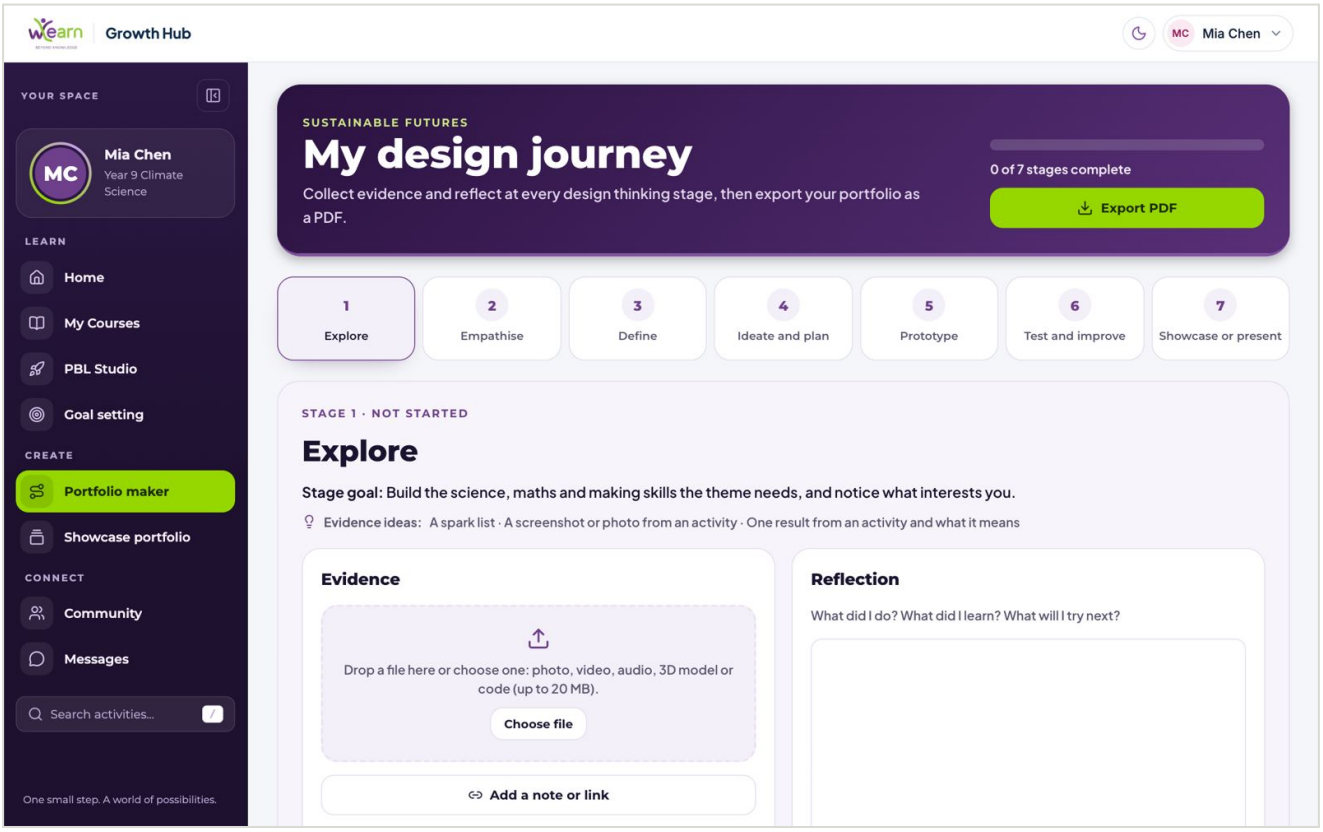

Evidence shows the end-of-term readiness count. Competencies list how many have evidence (for example 0/14).

What happened? What did you click, expect and see instead?

STUDENT · STEP 10 OF 13

Portfolio maker (design journey)

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Portfolio maker**.
2. In stage 1 Explore, add a photo or file as evidence.
3. Write a short reflection and click **Save reflection**.
4. Click **Export PDF**.

YOU SHOULD SEE

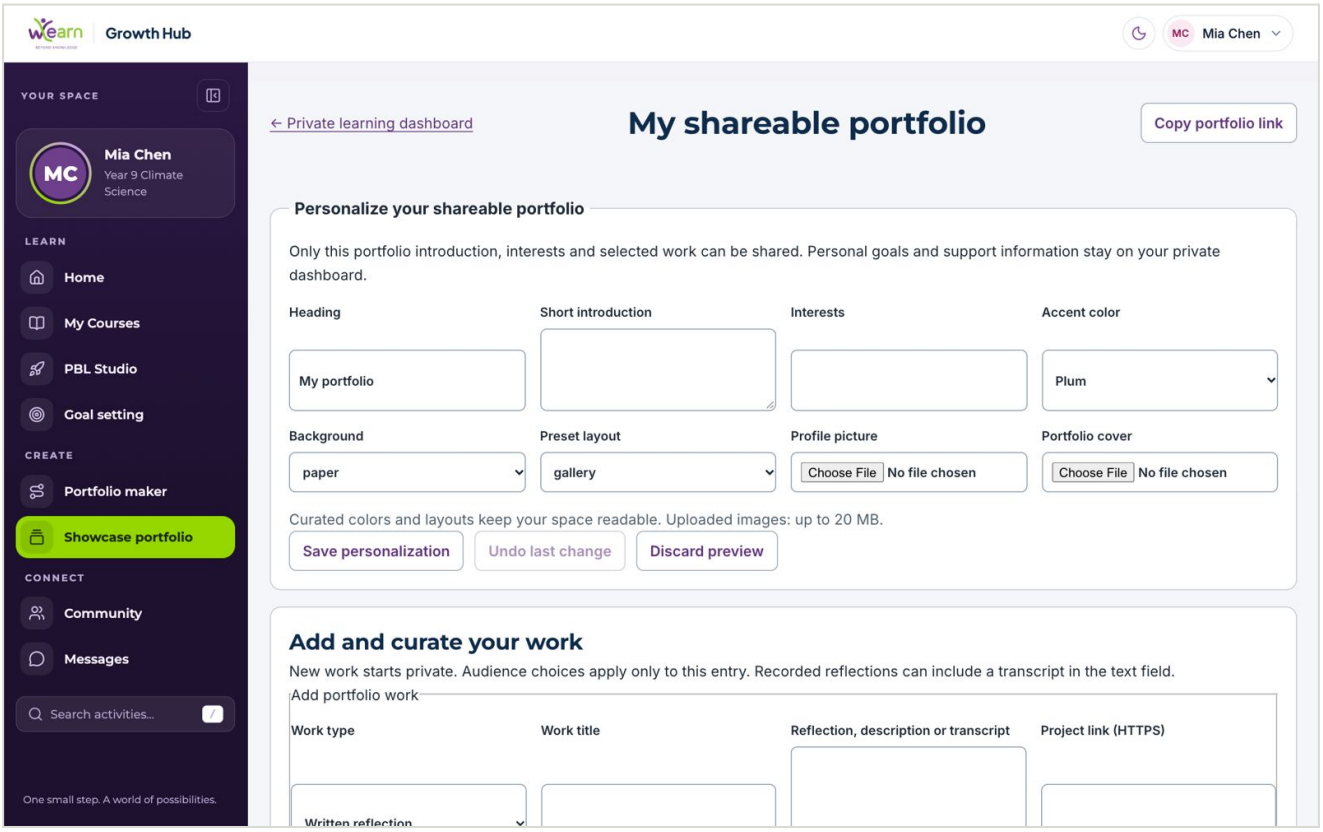

The stage counter moves from “0 of 7 stages complete”. The PDF view shows your evidence and reflection.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 11 OF 13

Showcase portfolio

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Showcase portfolio**.
2. Change the heading, accent colour and layout, then **Save personalization**.
3. Click **Add work** to add one piece, then **Preview portfolio**.
4. Click **Copy portfolio link**.

YOU SHOULD SEE

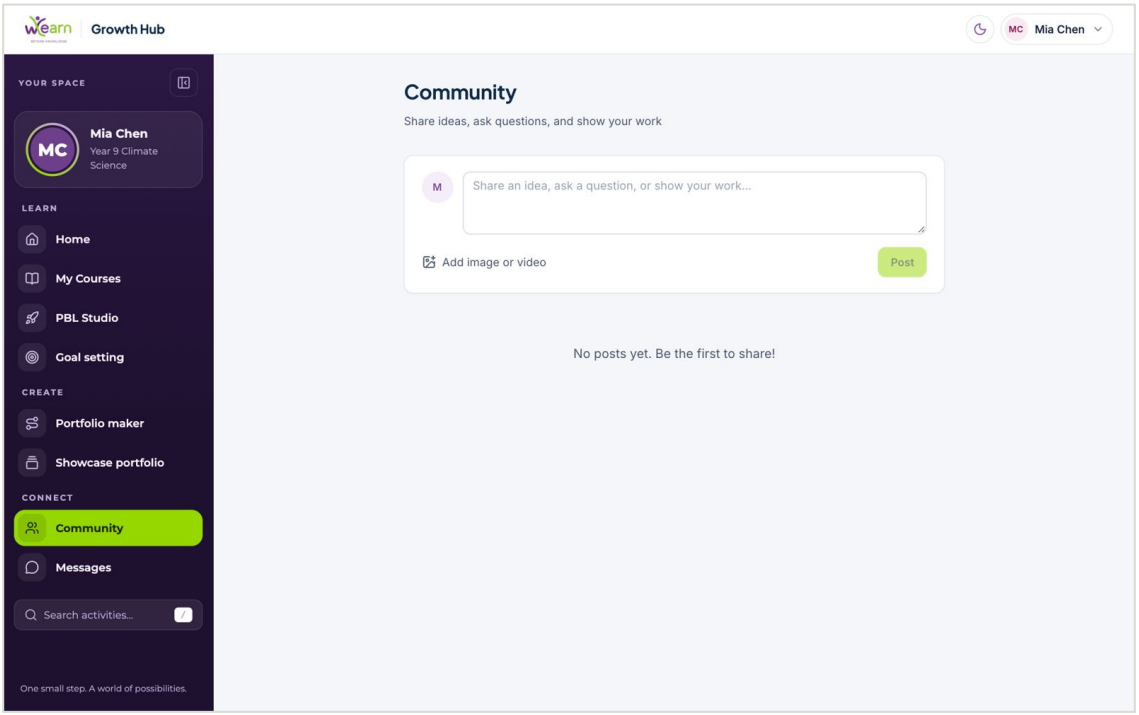

Only the introduction, interests and chosen work appear in the preview. Personal goals stay private.

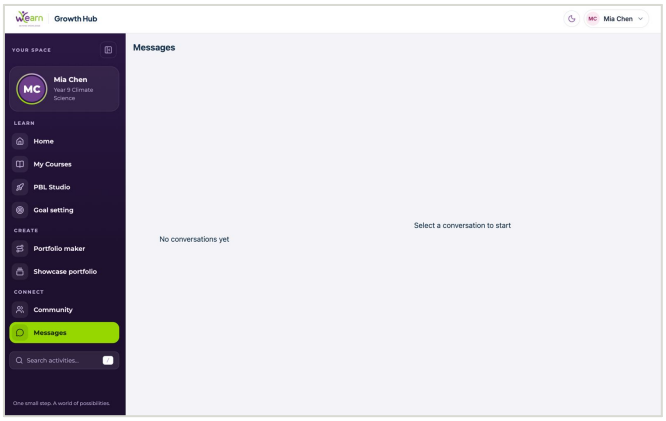

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 12 OF 13

Community and Messages

Real screenshot from the platform. Yours may show different data.

What to do

1. Open **Community**, write a short test post and click **Post**.
2. Open **Messages**. If a coach tester has messaged Mia, open it and reply.

YOU SHOULD SEE

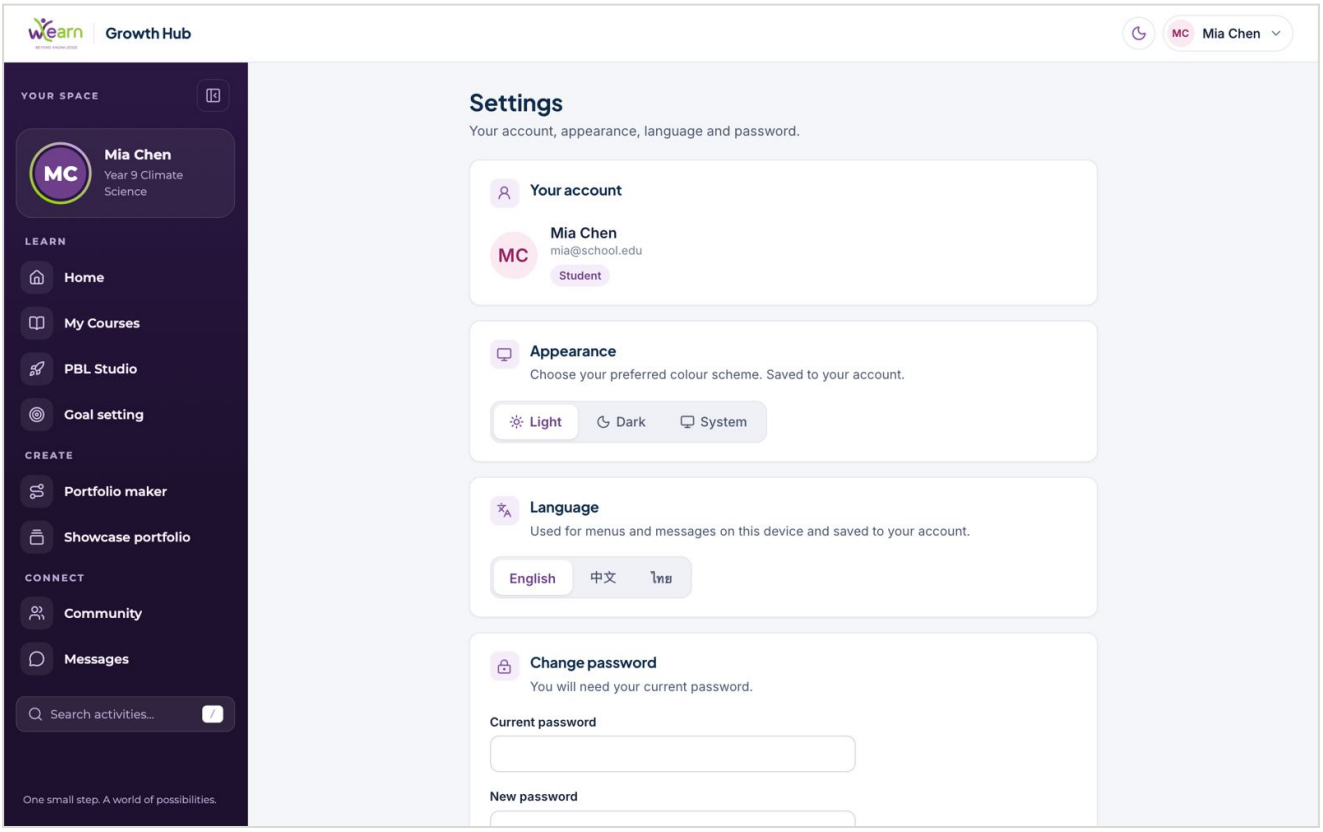

Your post appears in the feed. Messages lists conversations started by a coach.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

STUDENT · STEP 13 OF 13

Settings: theme and language

Real screenshot from the platform. Yours may show different data.

What to do

1. Open Settings from your name at the top right.
2. Switch Appearance to Dark, reload, then back to Light.
3. Switch language to Thai or Chinese and look around, then back to English.
4. Do not change the password.

YOU SHOULD SEE

Theme and language change straight away and are still set after a reload.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

LAST PAGE

Wrap-up: the Student dashboard overall

A few sentences is plenty. These answers help us decide what to fix first.

How easy was it to use? 1 Very hard 2 Hard 3 OK 4 Easy 5 Very easy

What worked well?

What was confusing, slow or missing?

If we fix one thing first, what should it be?

Anything else?

WHEN YOU HAVE FINISHED

Save this PDF (File > Save), keep the file name, and send it to the test lead. If you printed it, scan or photograph each page.
