WELEARN GROWTH HUB · STAFF TESTING · OCTOBER 2026

Coach dashboard

Teacher / course coordinator. Work through each step on the real platform, compare what you see with the screenshot, and record what happened. Fill this PDF in on screen, save it, and send it back to the test lead. Or print it and write by hand.

Platform	https://dnd-master-73449.web.app
Sign in as	`coach.rivera@school.edu` (Sam Rivera · Year 9 Climate Science)
Password	The test lead gives you the shared test password.
Steps	12 steps, about 48 minutes

Your details

Your name

Team or role

Device (laptop, tablet, phone)

Browser

Date tested

Before you start

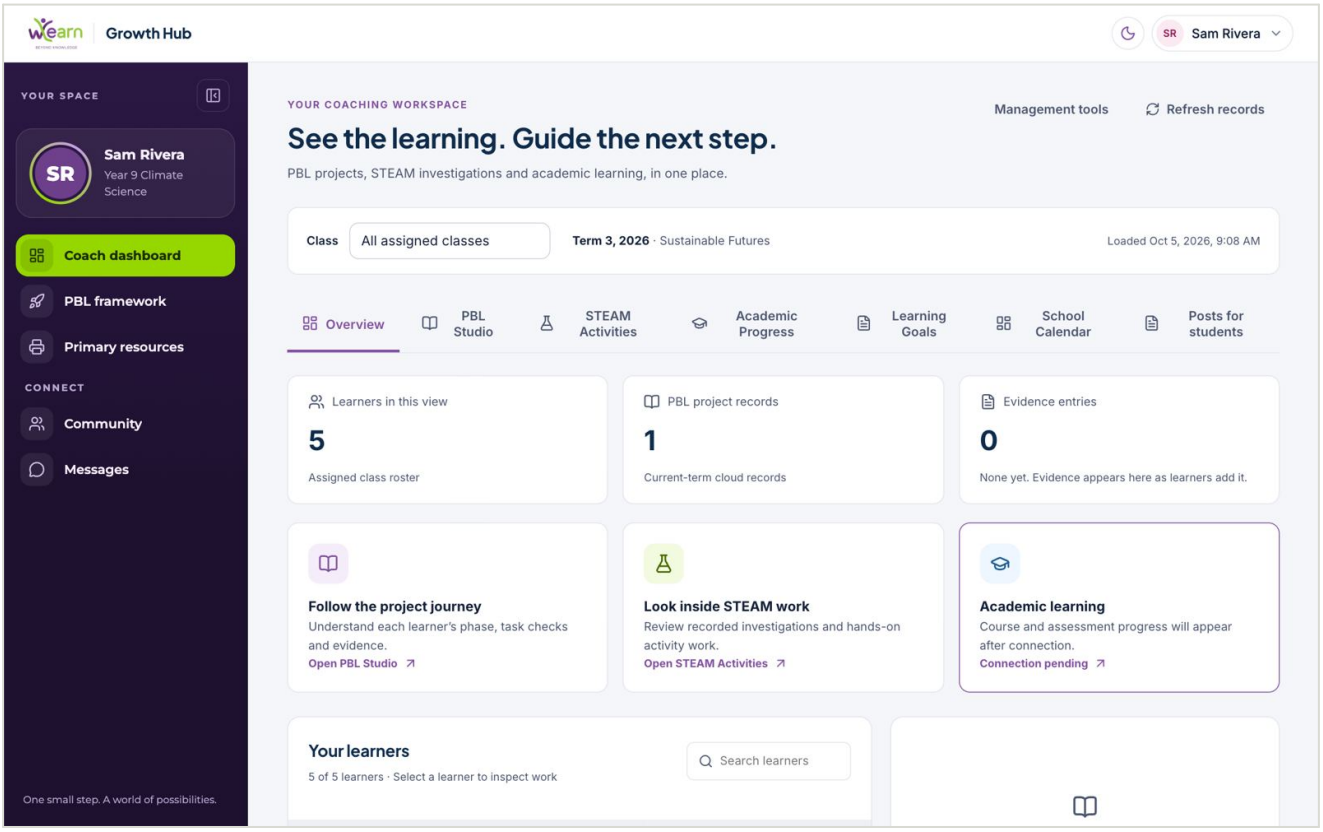

1. Do not change the password on any test account. Others share it.
2. Do not suspend, unlink or delete accounts unless a step tells you to.
3. Use only made-up names and test emails in forms, never real learner data.
4. If a screen looks different from the screenshot, that is useful. Mark it and describe the difference.
5. Use a private or incognito window so you stay signed in to one account at a time.

How to mark each step

Pass	It worked and matched “You should see”.
Issue	Something was wrong, slow, confusing or different. Describe it.
Blocked	You could not do the step at all, for example an error or a missing button.
Skip	You chose not to test it, or it needs another tester first.

COACH · STEP 1 OF 12

Coach dashboard overview

Real screenshot from the platform. Yours may show different data.

What to do

1. Sign in as `coach.rivera@school.edu`.
2. Read the three counters: learners, PBL project records, evidence entries.
3. Change the **Class** filter to Year 9 Climate Science and back.
4. Click **Refresh records**.

YOU SHOULD SEE

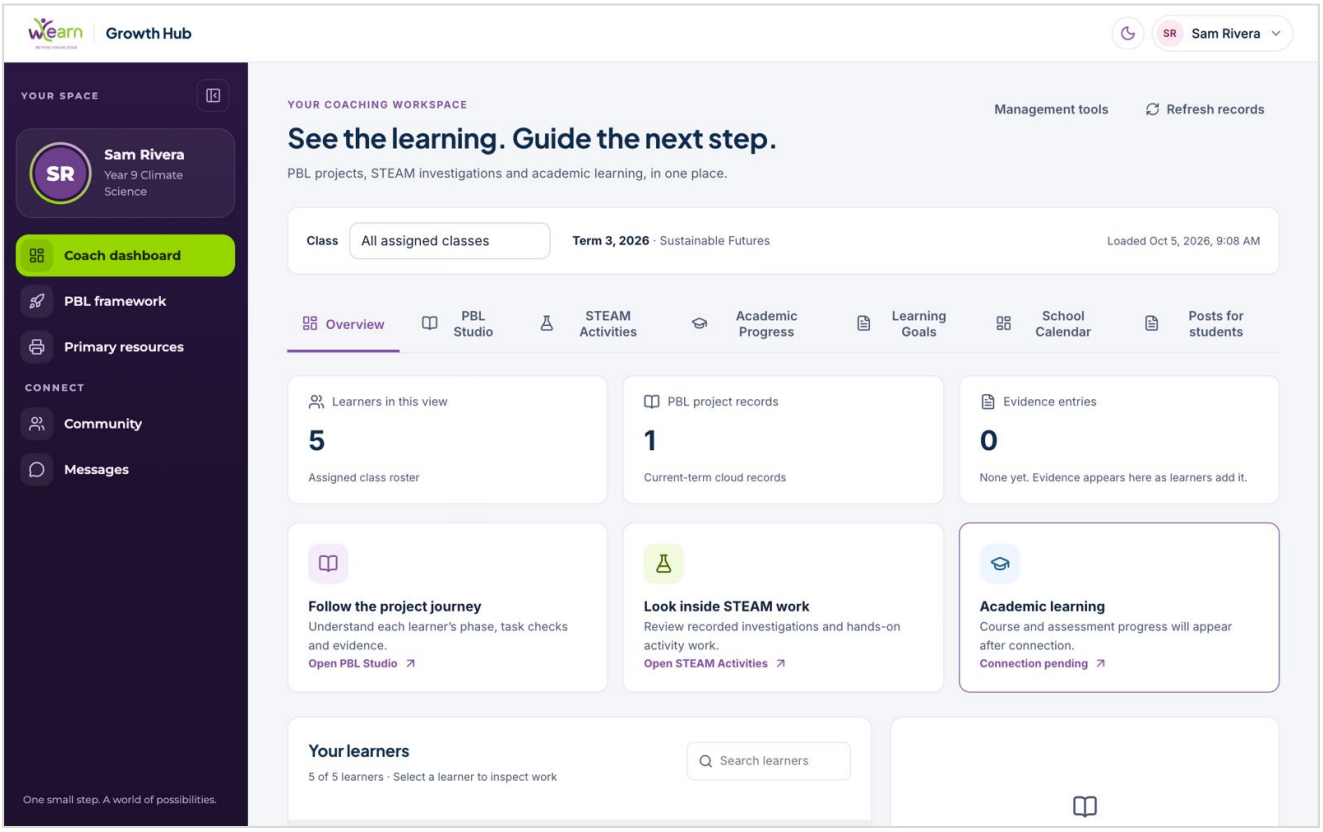

Five learners in the class. Counters match what you see in the tabs. “Loaded” time updates on refresh.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 2 OF 12

Your learners

Real screenshot from the platform. Yours may show different data.

What to do

1. Scroll to **Your learners**.
2. Search for “Mia”, then select her.

YOU SHOULD SEE

The learner list filters as you type and the side panel shows that learner’s work.

LOOK CLOSELY

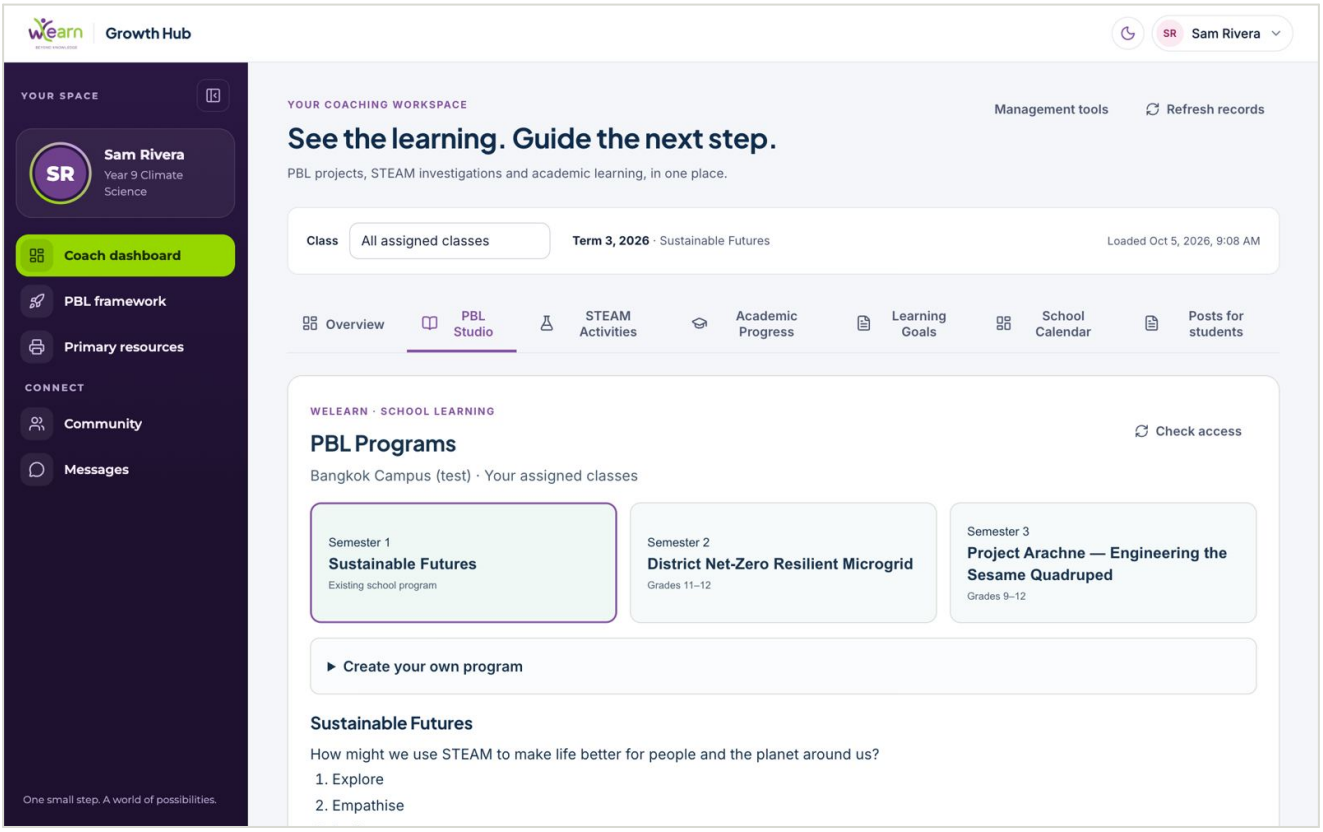

Check whether everyone in the list really belongs in Year 9 Climate Science. Note any learner who should not be there.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 3 OF 12

PBL Studio tab

Real screenshot from the platform. Yours may show different data.

What to do

1. Click the **PBL Studio** tab.
2. Read the three semester programmes.
3. Click **Open existing Sustainable Futures Studio**.

YOU SHOULD SEE

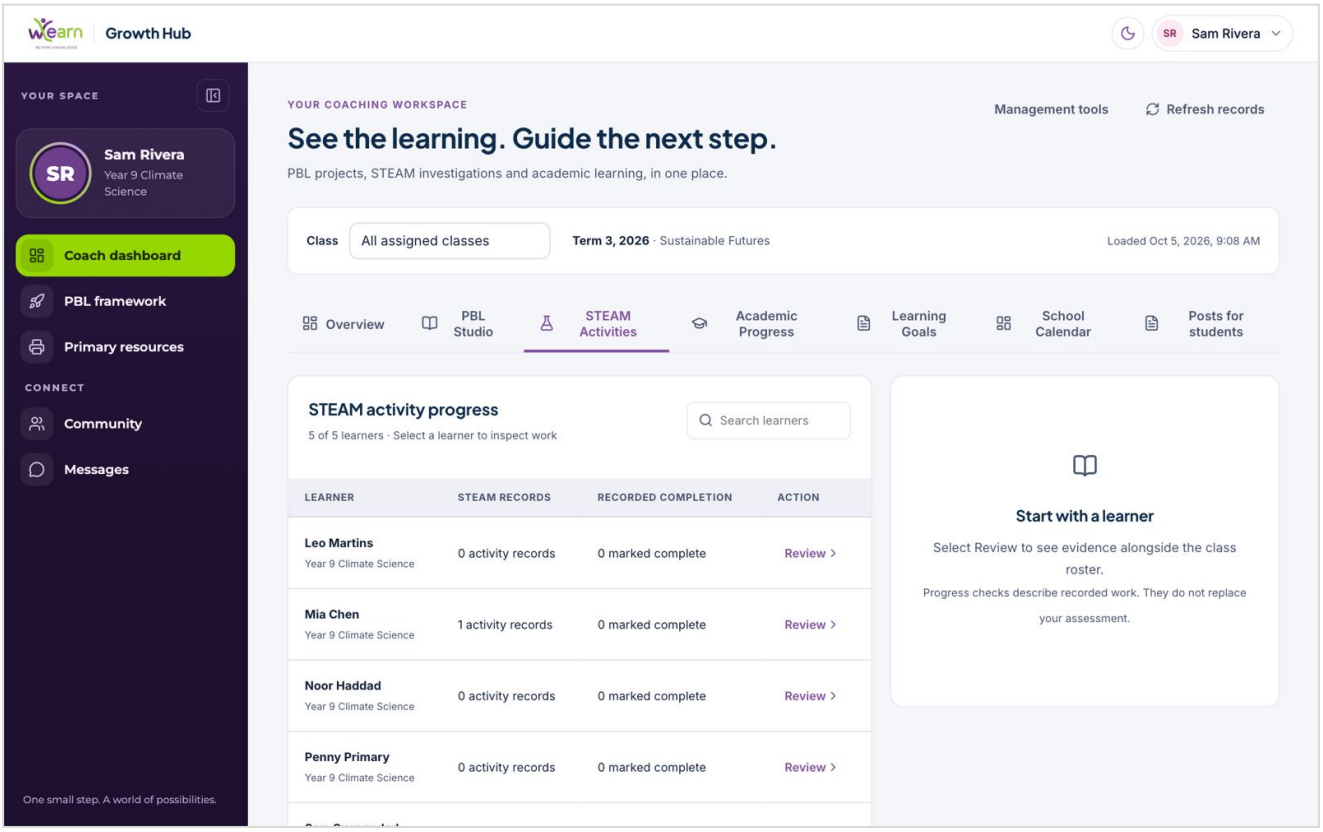

The three programmes show. The studio opens the Sustainable Futures project view.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 4 OF 12

STEAM Activities tab

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **STEAM Activities**.
2. Click **Review** on Mia Chen.

YOU SHOULD SEE

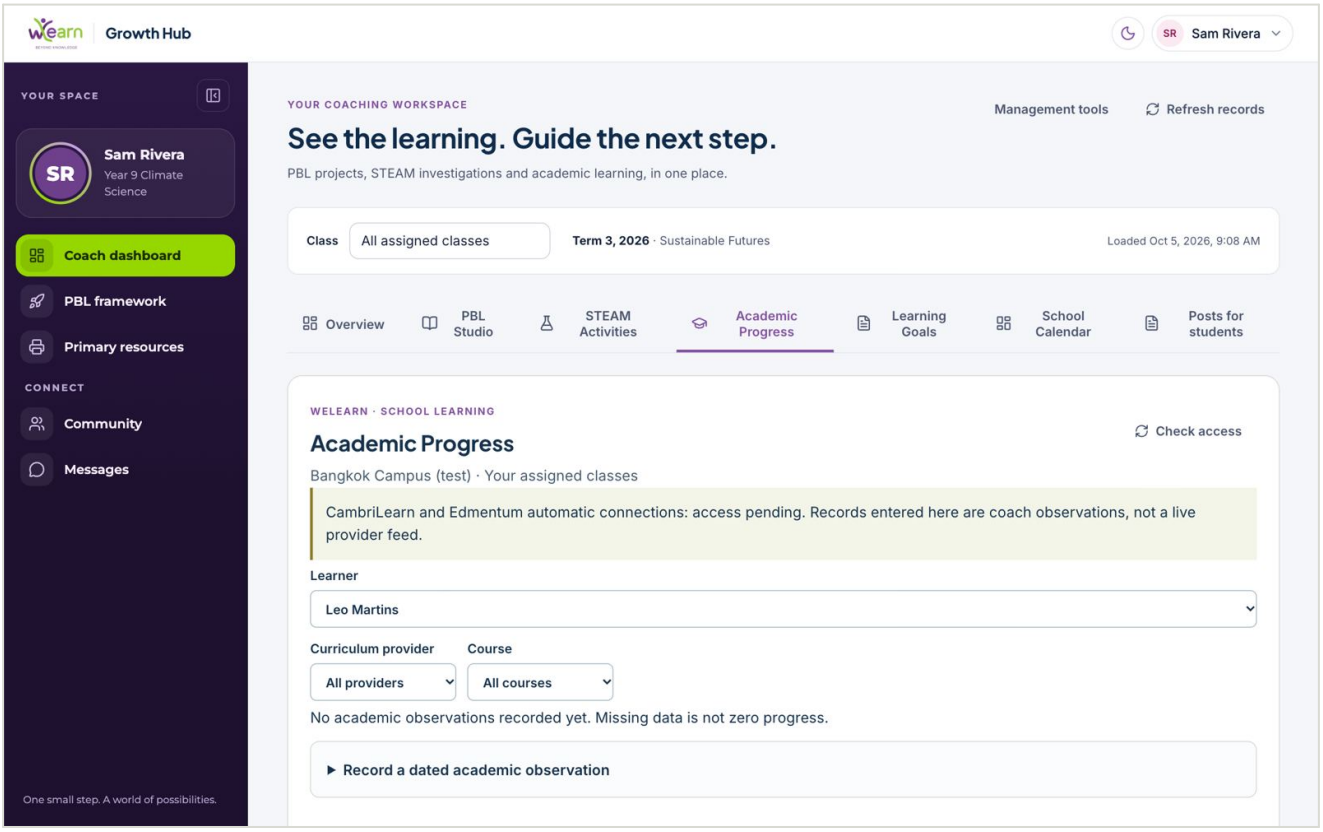

A table of learners with activity records and completions. Review shows Mia's recorded activity work.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 5 OF 12

Academic Progress: record an observation

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Academic Progress** and choose a learner.
2. Use **Record a dated academic observation** to add a short test note.

YOU SHOULD SEE

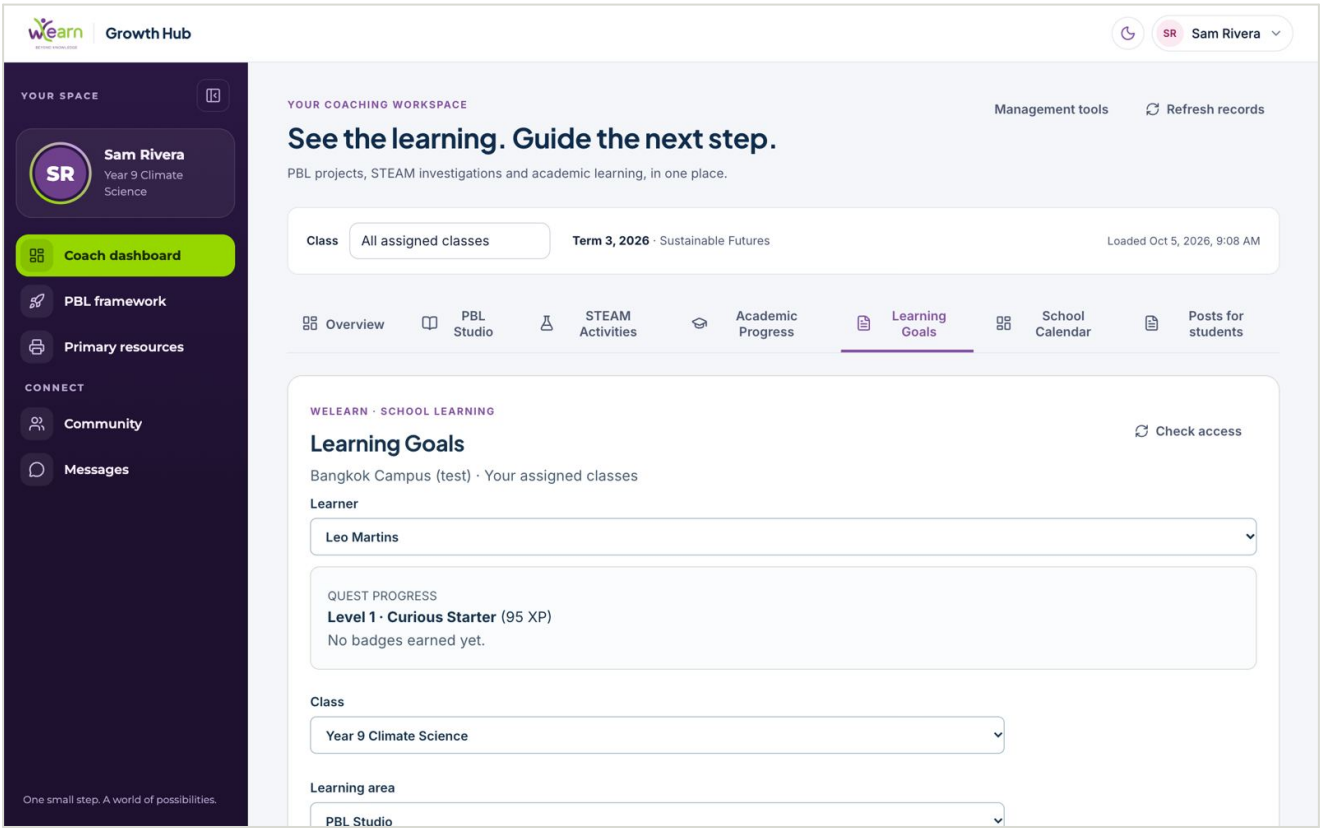

The observation saves with today’s date and appears in the list. The page says provider connections are pending, which is expected for now.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 6 OF 12

Learning Goals: assign a goal

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Learning Goals**. Choose Mia Chen, the class and a learning area.
2. Write a measurable goal, set a due date and click **Assign goal**.

YOU SHOULD SEE

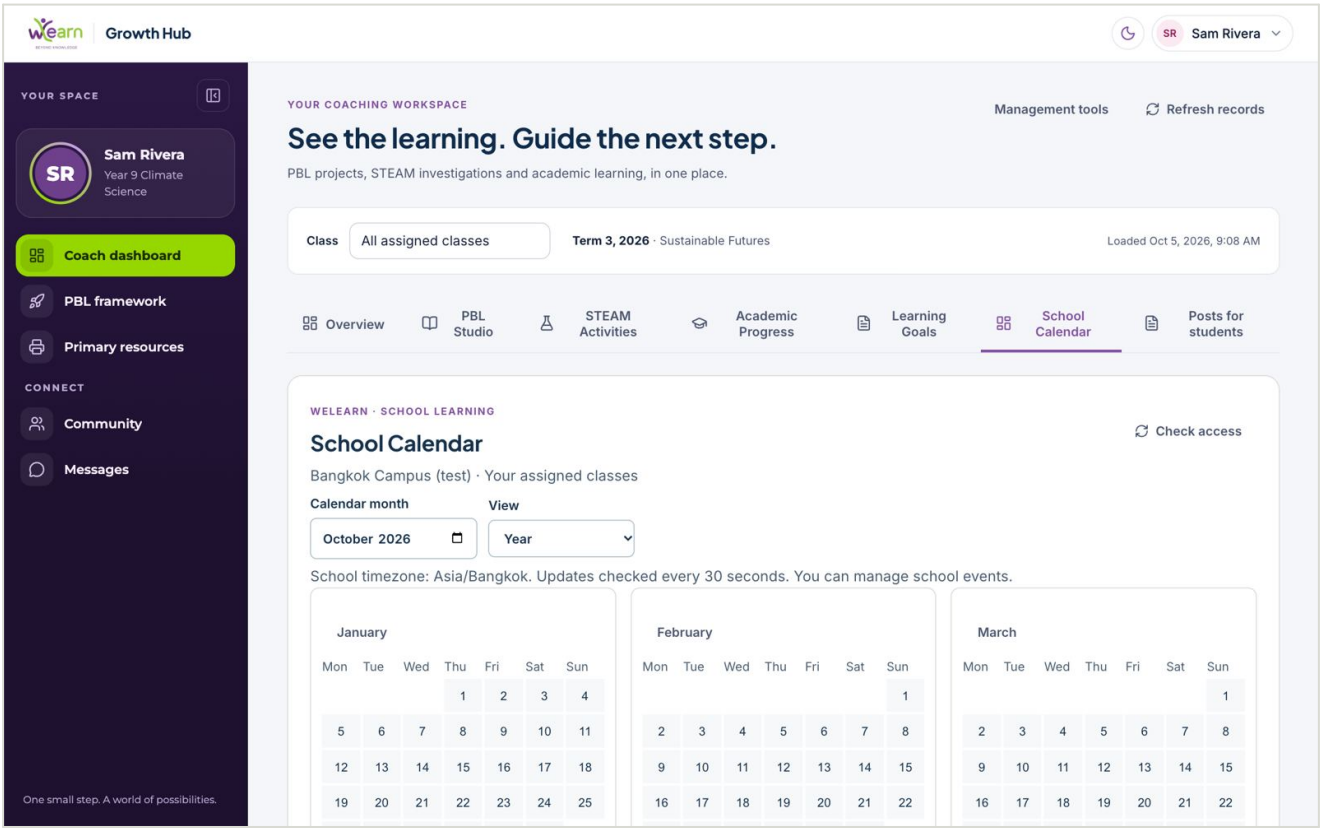

The goal appears under the learner. Student and parent testers should then see it too.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 7 OF 12

School Calendar

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **School Calendar**. Try Year, Agenda and Month.
2. If you can add an event, add one called “Test event” on a future date.

YOU SHOULD SEE

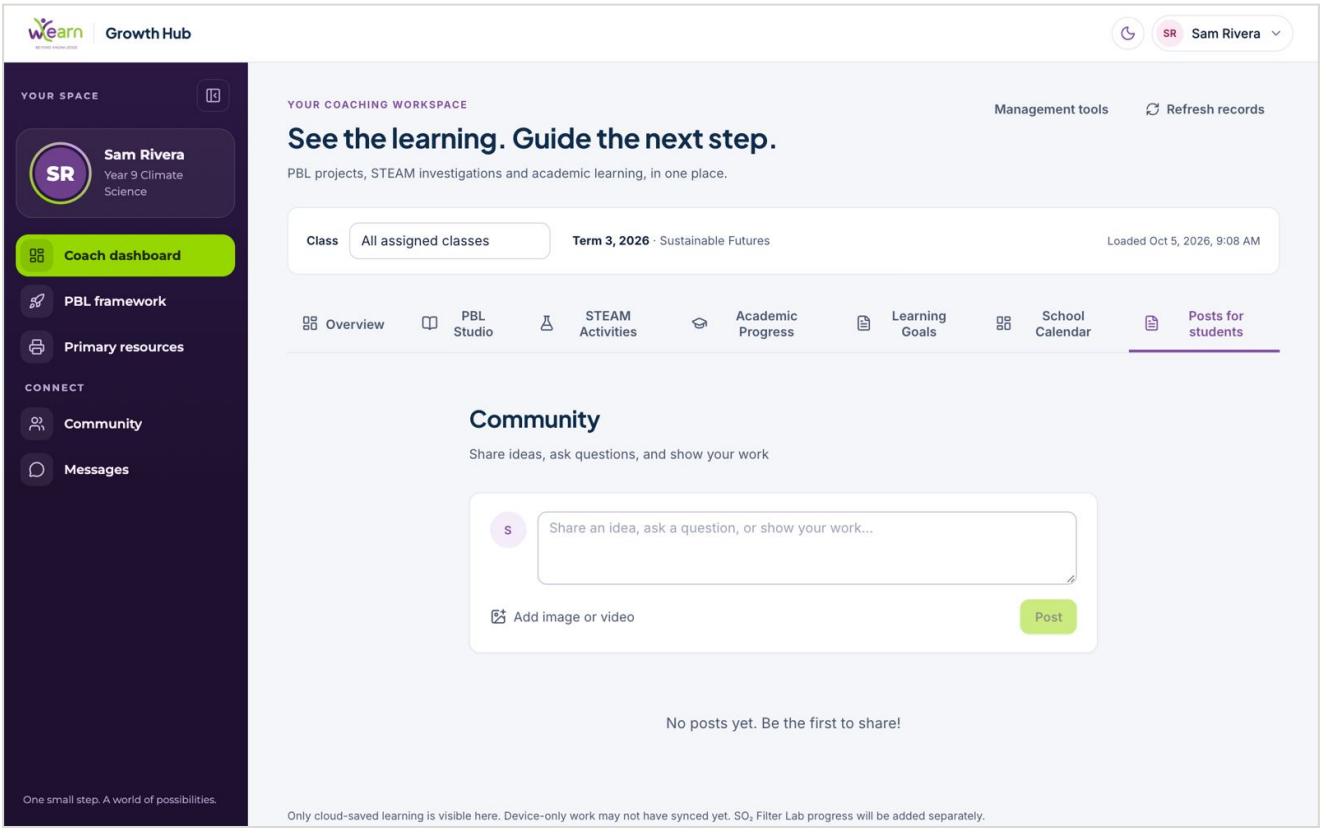

All three views load. A new event shows in the calendar for learners in your class.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 8 OF 12

Posts for students

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Posts for students**, write a short test post and click **Post**.

YOU SHOULD SEE

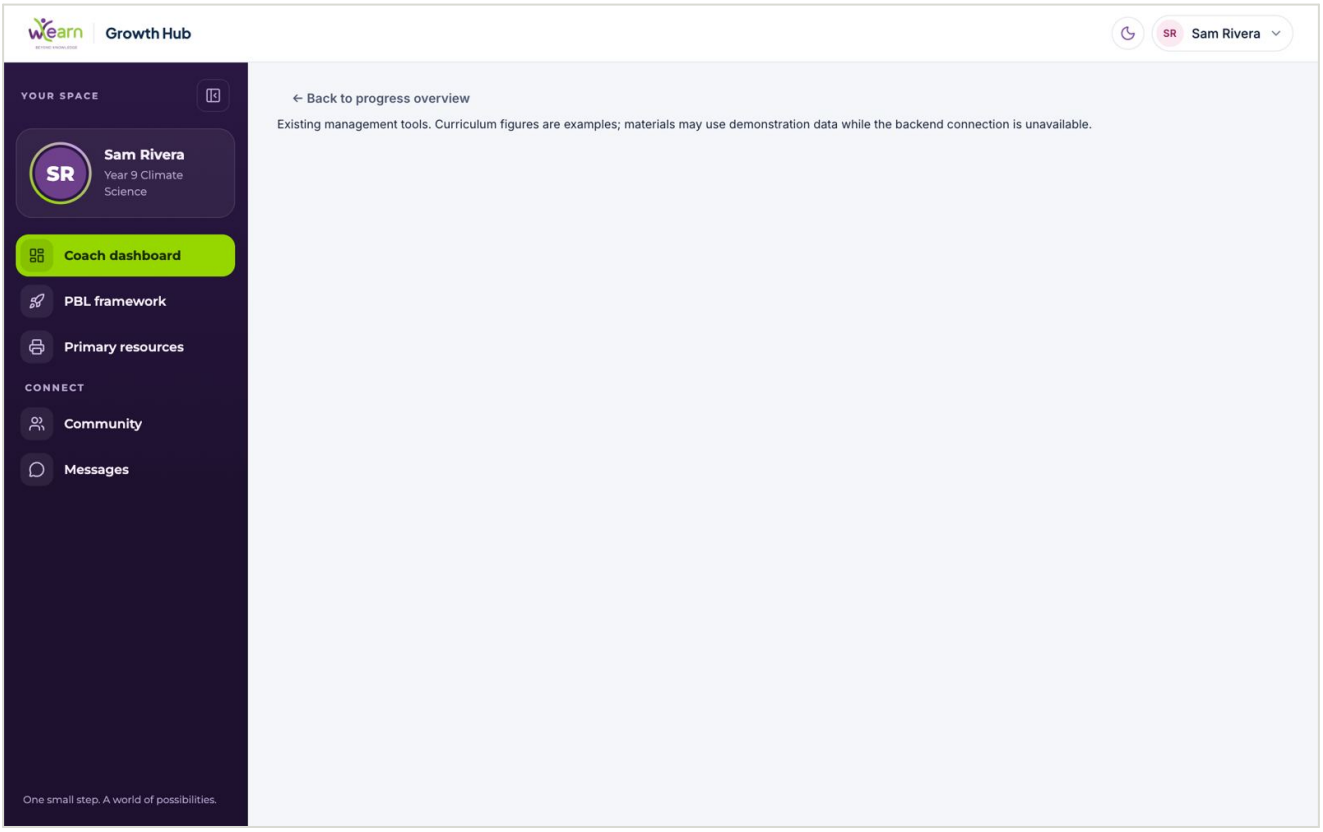

The post appears in the feed and in the student Community page.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 9 OF 12

Management tools

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Management tools** at the top of the dashboard.
2. Look at the counters and lists, then use **Back to progress overview**.

YOU SHOULD SEE
The older management view loads and the back link returns you to the dashboard.

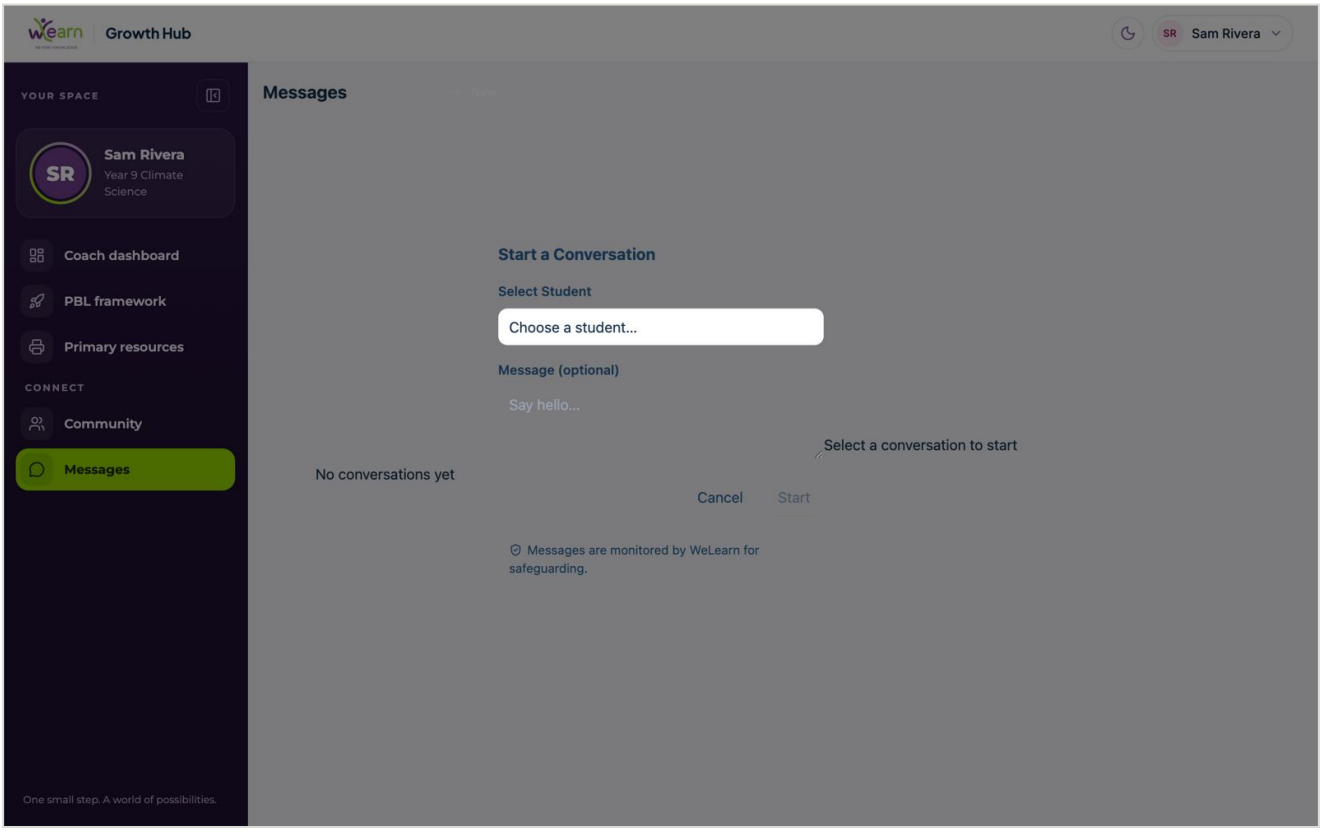

LOOK CLOSELY
This page says its figures may be examples. Note any class names or numbers that do not match your real class.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 10 OF 12

Message a learner

Real screenshot from the platform. Yours may show different data.

What to do

1. Open **Messages** and click **New**.
2. Choose Mia Chen, type a short message and click **Start**.

YOU SHOULD SEE

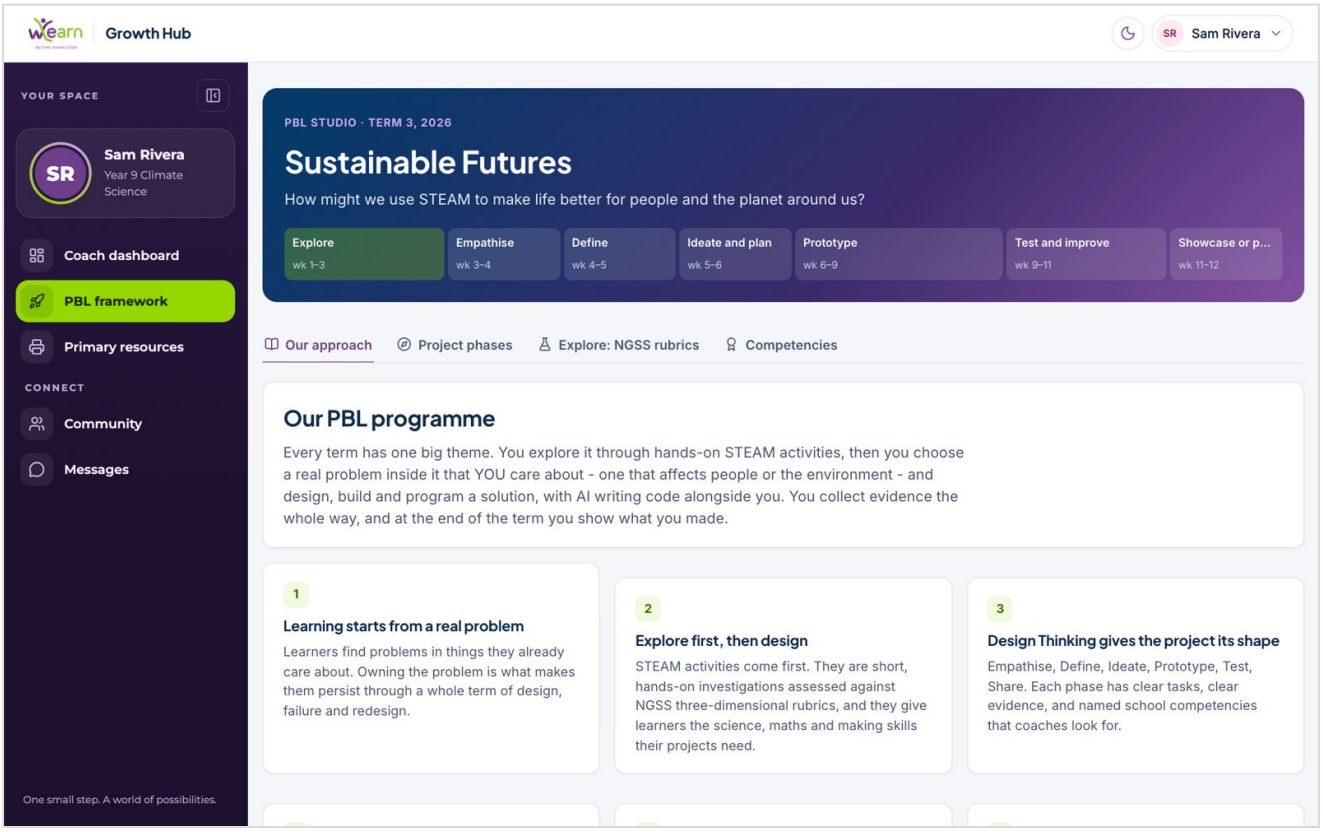

The conversation opens and the message shows. It reaches Mia's Messages page.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 11 OF 12

PBL framework

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **PBL framework** in the left menu.
2. Open each tab: Our approach, Project phases, Explore: NGSS rubrics, Competencies.

YOU SHOULD SEE

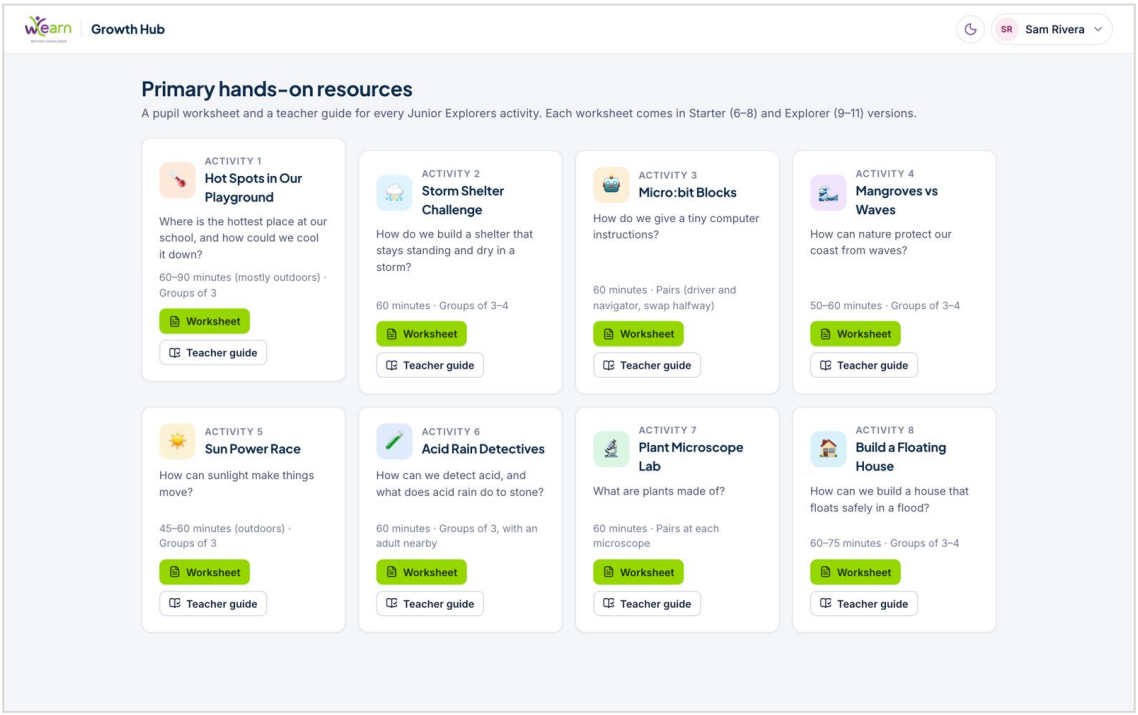

Clear explanation of the programme that you could share with a new colleague.

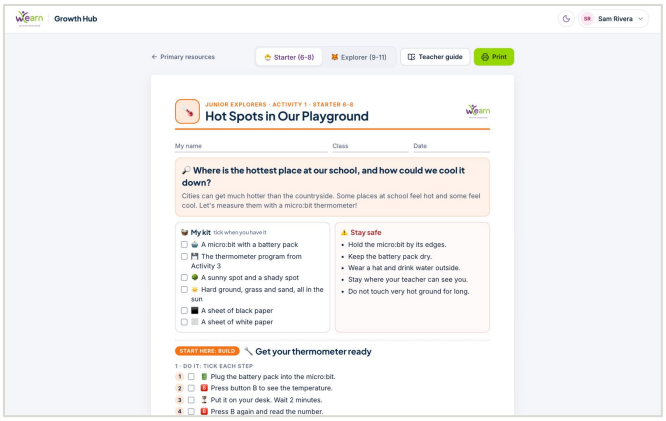

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

COACH · STEP 12 OF 12

Primary resources: worksheets and guides

Real screenshot from the platform. Yours may show different data.

What to do

1. Click **Primary resources**.
2. Open a **Worksheet**, switch Starter and Explorer.
3. Open the **Teacher guide** for the same activity and try **Print**.

YOU SHOULD SEE

Each of the eight activities has a worksheet and a teacher guide that print cleanly on A4.

Result: Pass Issue Blocked Skip

What happened? What did you click, expect and see instead?

LAST PAGE

Wrap-up: the Coach dashboard overall

A few sentences is plenty. These answers help us decide what to fix first.

How easy was it to use? 1 Very hard 2 Hard 3 OK 4 Easy 5 Very easy

What worked well?

What was confusing, slow or missing?

If we fix one thing first, what should it be?

Anything else?

WHEN YOU HAVE FINISHED

Save this PDF (File > Save), keep the file name, and send it to the test lead. If you printed it, scan or photograph each page.
